

February 27, 2017

NTTG Stakeholders and Interested Parties:

During the February 23rd Annual Interregional Coordination Meeting, NTTG announced its schedule for the upcoming 2017 Quarterly Public Stakeholder meetings. Subsequently, it has come to our attention that the Annual CREPC-WIRAB meeting is being held on April 12th - 14th. This conflicts with NTTG's Stakeholder meeting in Portland, Oregon currently scheduled for April 12th and therefore necessitates the need to change the date of NTTG's stakeholder meeting to **Wednesday, April 19th**.

The NTTG website has been updated to reflect the new date of April 19th in Portland, Oregon which will still be held at the Sheraton Hotel Portland Airport.

Also, please place a calendar hold for the following upcoming NTTG 2017 Quarterly Stakeholder Meetings:

- **Thursday, June 29th in Boise, Idaho**
 - Boise Airport Conference Center
- **Tuesday, September 19th in Bozeman, Montana**
 - Homewood Suites by Hilton
- **Thursday, December 7th in Salt Lake City, UT**
 - AMPS Offices

Phone and web will be made available for those who can't join us in person. More information and details will be available closer to the events.
