Official Announces Changes In Soybean Supports
For the first time in 1959 there will be a monetary premium and discount for foreign material in soybeans placed under support in this State.

This year, soybeans containing 1 per cent or less of foreign material at the time of delivery to the Commodity Credit Corporation will get a premium of two cents per bushel.

The basic support rate for soybeans of the current crop in all North Carolina Counties will be \$1.80 per bushel for Grade No. 2.

NEW GROWER ALLOTMENT
The following regulations on qualifications for a 1960 new grower flue-cured tobacco allotment is given for your information:

1. The farm operator shall have had experience in growing the kind of tobacco for which an allotment is requested either as a sharecropper, tenant, or as a farm operator during two of the past five years.

Tobacco Marketing Cards
Tobacco farmers should return their tobacco marketing cards to the Davie County ASC Office as soon as they finish selling their tobacco.

Social Security In Davie County

The Salisbury Social Security Office reported today that many housewives in Davie County are not reporting household help for social security purposes.

Speaking of shows, one of a higher nature is said to have taken place. Two magicians were putting on a joint act. Using a woman from the audience, they performed the feat of suspending her horizontally in mid air.

Pausing at the lower end of Central Park, I noticed that the scene is much like it was many years ago. Hansom cabs drawn by sleek horses line up at the curb in front of the Old Plaza Hotel.

Proper reporting establishes social security credit for retirement, survivors, and disability insurance benefits for the household worker and her dependents.

Clerk: "Did you kill any moths with those moth balls I sold you the other day?"
Customer: "No. I tried for three hours but I couldn't hit a one."

One of the most touching testimonials I have heard about a person having cancer is that of Senator Richard Neuberger of Oregon. He said his doctors were hopeful that his case was curable.

The credit card rage goes on. You can buy almost anything without cash - provided your credit is good. A study by one of the large credit companies, shows, however, that cardholders spend an average of 20 per cent more than cash customers.

Primarily a radar early warning vessel, the Buckley is scheduled to participate in various operational exercises and will make recreational visits to Japan, Hong Kong, and the Philippines.

MORE ABOUT SO THIS IS NEW YORK

This action and shape its character. If we think we have hard times, this book dispels such a notion in comparison with what our hardy ancestors did—and they withstood hardship because they had the will to carve out a home for themselves and then fight to

keep it. This is something vividly brought out by this new book, which should be considered very seriously by the all too many today whose soft attitude of "What's in it for me?" threatens our national survival.

Gotham Gatherings: at 42nd Street and 6th Avenue a worn old sign on a building shows its date: "Liberty Bonds for Sale" — familiar saying along Madison Ave. "I lost my job today" — a local official says it should be more difficult for addicts to secure drugs from doctors, by complaining of pains, stealing prescriptions, etc. — Nicholas D'Amico and his orchestra recently opened an engagement at the Hotel Plaza. He once alternated at the same hotel with Eddy Duchin and his band — 170 years ago, the first Secretary of War was appointed by George Washington. He was Henry Knox, his salary was \$3,000 a year, and he and his pretty wife found it hard to live on it here in New York City where the capital was then. No wonder, together the couple weighed 550 pounds — a lot to support.

Performance of America's Only Nationwide Stamp Plan

Now, GOOD HOUSEKEEPING has added its seal of approval to that of more than 23 million American families—including many thousands here in North Carolina—who save S&H Green Stamps.

North Carolina housewives enthusiastically approve S&H Green Stamps because they get something extra in quality merchandise without paying a penny more for what they buy.

Pick up a free copy of the beautiful 1959 S&H Green Stamp Ideabook — greatest ever published — at any store or service station that gives S&H Green Stamps and see the famous brand-name products now available to you at no added cost.

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

Eleven Seniors To Play Final Home Game Here Friday Night

Davie County High School Rebels will meet the North Rowan Cavaliers in a homecoming game at Rich Park on Friday night at 8 p.m.

A large crowd is expected to witness the game and homecoming festivities Friday night. The homecoming queen will be crowned during halftime ceremonies.

This will be the final home game of the season for the Rebels as they close out their season on Nov. 13th at Statesville.

Eleven seniors will be making their final home football appearance for Davie Friday night. Two of these seniors, out with injuries, will view the game out of uniform. These are co-captain Manning Huske, out with a broken arm, and halfback Tommy Graham, out with a knee injury.

Players making their last home appearance will be Quarterback Barry Southern; Halfbacks Ramey Kemp and Jerry Spry; Ends Don Marklin, Mike McClamrock, Mike Osborne and Gary Chaffin; Guards, Lowell Reavis and Donald Smith.

MANNING HUSKE
— Tackle —

Prior to his injury in practice, "Boo's" was one of the big stars for the undefeated Rebels during their first six games. A good leader and top defensive man, his absence from the lineup has proven a loss to the Rebels. Many believe his presence in the Children's Home and Asheboro game might have made the difference between defeat and victory. "Boo's" is president of the student body of the Davie County High School.

DONALD SMITH
— Guard —

Donald Smith has proven to be a capable reserve lineman during the past few years. He has played during the past year at a guard position for the Rebels.

LOWELL REAVIS
— Guard —

Lowell has proven himself capable on both defense and offense this year in the guard position. Lowell was moved to this position this year from tackle, which he played in previous years.

JERRY SPRY
— Halfback —

Better known as "Mole," he is the leader of Davie's touchdown parade scoring on long runs. A hard and elusive runner, "Mole" is a battler all the way and is a threat every time he carries the ball.

TOMMY GRAHAM
— Halfback —

Injured in the Thomasville game, Tommy has been out of action since that game. An elusive runner and good pass snatcher, Tommy was also strong on defense, playing the outside back position.

BARRY SOUTHERN
— Quarterback —

Barry Southern, co-captain and quarterback, is the engineer that makes the Rebels go on offense. His superb generalship and ball handling has stamped him as one of the outstanding quarterbacks of the North Piedmont conference. An excellent passer and punter, Barry is also one of the Rebel's better defensive backs.

RAMEY KEMP
— Halfback —

A fast scat back that came into his own last Friday night as the leading ground gainer against the strong Asheboro eleven. Light in weight, but fast and tough, Ramey is playing his second year as a varsity performer. He is also president of the senior class.

MIKE OSBORNE
— End —

Mike Osborne has gone both ways — on offense and defense — for the Rebels this year. He is an excellent pass receiver and has proven himself tough on defense.

GARY CHAFFIN
— End —

"Big Chaf" has helped to make the Rebels strong at the end positions this year by his hard charging play on defense. Opponents have found him exceedingly tough to move out of the way on an outside play.

God does not want us to do extraordinary things: He wants us to do the ordinary things extraordinarily well.—Charles Gore.

IT PAYS TO ADVERTISE

MIKE McCLAMROCK
— End —

Mike McClamrock has played good defensive football for the Rebels for the past two years. This year he has also come into his own at times on offense . . . taking a pass for a touchdown at Troutman.

DON MARKLIN
— End —

Don has come along fast this year to prove very valuable to the Rebels at a defensive end position. Don is always utilized on the kickoff team where his speed enables him to get down the field fast.

CHIROPRACTIC CARE FOR WRECK INJURIES

In most types of wreck or collision injuries, the spinal column receives shock and strain, and this, in many instances, brings on conditions, which if not apparent at once, will show up at a later date.

Whiplash type injuries, as well as other spinal injuries respond well to Chiropractic care in most instances. Do not overlook Chiropractic examination if you are involved in any accident where the spine is likely to be involved.

Remember, most automobile insurance covers Chiropractic care on the same basis as other treatment. Your spine is your lifeline, protect by Chiropractic care.

SHE LEFT CRYING

One day last May, Susan came to the Social Security District Office at Salisbury. She came timidly. She timidly looked around, closed the door softly behind her. She had just come from the funeral of her husband, John. She was dressed in her black funeral clothes.

John was 63 years old when he died and Susan was 62. He had been a farmer all his life. He and Susan lived alone on a small farm. They had no children. John had a small allotment of tobacco and Susan did not make much money, they were able to get along on what John got from the tobacco and Susan from the garden produce they raised for their own use.

John knew of Social Security. He didn't know much about it, but he did know of it. He did not know that it was supposed to make provisions for qualified persons when they got old enough. He never knew that it provided survivors benefits, too. John was aware that he should file tax returns, and pay social security, but somehow, he just didn't

ever get around to it. It could be that he just didn't want to be bothered with filing tax returns, or it could be that he intended to do it, but just let time run out. Whatever his reason, he neglected to file those tax returns and pay his social security tax. Here he was on dangerous ground because the law requires any self-employed person, including farmers, who have a net income of \$400 or more in a taxable year, to file a tax return and pay the social security tax on this net income.

Whatever his reasons were, John had failed Susan. The social security people checked their records and found that John had never filed a tax return. From information given by Susan, it was apparent that John should have filed returns for the years 1955, 1956, 1957, and 1958. Because of his small earnings, he did not owe any Federal income tax, but he did owe social security tax for all these years. Susan was required to file these tax returns and their social security papers. This did not, however, make everything come out all right. There is a law called the Statute of Limitations, which means in this case, that unless a person files his social security papers within 3 years, 3 months, and 15 days after the day they are due, he

cannot get any social security credit for that year. As you can see, this cut out the year 1955.

Susan got credit for 1956, 1957, and 1958. John had not made enough in 1959 for him to be able to get any credit for that year. He thus had credit for only 3 years. At four quarters of coverage for each year, he had a total of 12 quarters of coverage. He needed to have 13 quarters of coverage after 1954 to be fully insured. The social security people had to tell Susan that because John had not done his part, they could not pay her a monthly benefit. Her eyes filled and the tears rolled unchecked down her cheeks.

Susan was heartbroken. She is all alone in the world now. She had depended on her husband all her adult life for her livelihood. Now John was gone and she was old. She had depended on John and he had let her down. He had not paid his social security tax and now the social security people could not pay her any monthly benefits. The social security people were upset, too. They felt sorry for Susan and if it had been in their power to help her, they surely would have done so. Unfortunately, they could not help. For Susan, it was too late. When she left the social security office, she was crying.

Shown above at work on hats are Mrs. Kenneth Holt, Mrs. June Releche, Mrs. R. S. McNeill, Mrs. Joe Jones, standing at stove, and Mrs. Herman Boger.

Instructions Are Given For Dried Arrangements

Davie Academy Community Building was the scene of much activity Thursday afternoon, Nov. 12, when Kappa Home Demonstration Club convened. Meadames William Cartner and Bill Cartner, arts and crafts leaders, gave instructions on dried flower arrangements. Following are some of the principles to follow to obtain pleasing effects, according to these ladies:

1. Choose simple container of subdued colors.
2. Don't overcrowd your arrangement. A few flowers arranged to show their natural beauty will give much more pleasing results.
3. Have highest point of arrangement in the center and keep darkest colors near the center.
4. For balance, place heavy flowers at the bottom and let the spaces or voids increase on the outer edge of the arrangement.
5. Have stems of different lengths.
6. Use uneven number of flowers, sprays, and spaces.
7. Use a blending foliage — a good recipe is two thirds flowers and one third foliage.
8. The height of the tallest stem in a low arrangement should be 1/2 times the width of the container.
9. The longest stem in a tall arrangement should be 1 1/2 times the height of the container.
10. Vine arrangements should have two thirds below the vase rim and one third above.

Arrangements should be lovely and individual and most important, they should satisfy you.

Kappa Club members brought their dried flowers and containers and busily set to work to try their hand at arranging their materials. Ten arrangements were completed. These were taken home by those making them.

Before the flower workshop, Mrs. Claude Cartner presided at a short business session. After opening the meeting by singing "A Song of Peace," Mrs. Cartner read "If Jesus Came to Your House" for the devotionals.

The treasurer, Mrs. E. R. Koontz, reported that the Halloween Carnival netted \$81.36.

Mrs. Cartner announced that Davie Academy Community placed 4th in the County Community Development judging. She also announced the area judging to be Monday, Nov. 18.

All members were asked to bring refreshments and a gift for exchanging to the December meeting. The hostesses will furnish a beverage and decorations.

Mrs. Mary Blanch Morrison served holiday cookies and cold drinks to 18 members and one visitor attending the meeting.

MISS MARTHA GAIL WILLIAMS

Mr. and Mrs. Elgin Vestal Williams of Route 4, announce the engagement of their daughter, Martha Gail, to Aaron Eugene Veach, son of Mrs. Lester William Veach of Route 4, and the late Mr. Veach.

The wedding is planned for December 19.

Miss Williams is a junior at Davie County High School. Mr. Veach is a graduate of the same school and is employed in Lexington.

Friendly Book Club Holds Nov. Meeting

The Friendly Book Club held its November meeting last Wednesday afternoon. Hostess was Mrs. William White. Mrs. Fred Athan presided and opened the meeting with a reading. Mrs. Grady Smith conducted the devotional service.

"Welcome. Welcome to Thanksgiving" was sung by the group after which Mrs. John Harding read "A Strange Story." Mrs. Floyd Dull gave items of interest; Miss Phoebe Eaton read "Why Do Good People Suffer," by Robert W. Youngs; and Mrs. Odell James completed the book review, "Bible Is History," by Werner Keller.

Refreshments were served by the hostess and her mother, Mrs. Mamie Sain to 11 members and one visitor, Miss Ann Harding.

Hill's Service Opens At Maine

J. W. Hill announced this week that he had moved his store from Hilltop into the building formerly occupied by A's Grill at Maine, located on Highway 158.

Mr. Hill will feature the sale of groceries, gasoline and oil at his new place which will operate under the name of "Hill's Service."

Local Progress Cited by Mando

The progress of the municipal government of Mocksville during the past 50 years was discussed for Mocksville Rotarians, Tuesday, by Mayor D. J. Mando.

Mr. Mando cited population growth in the town limits of Mocksville as follows: 1910 population of 745; 1920 population of 1146; 1930 population of 1503; 1940 population of 1600; 1950 population of 1920; and the 1960 population is estimated at 2200.

Mr. Mando also praised the work done during the past ten years of the previous administration saying that the records indicated that the town made more progress during this period than any other periods in its history.

Mr. Mando cited the following services: Garbage pickup, \$18 per resident; police protection at \$20 per resident; water service at \$33 per resident; sewer service at \$33 per resident. This is based on yearly estimated cost.

The Rotarians were told that in 1927 only one street in Mocksville (Depot Street) was paved. Today the town has seven and a half miles of paved streets; four and a half miles of surface streets; and two and one-half miles of unpaved streets.

Mr. Mando revealed that at the present time a survey was being made of Mocksville and a mile radius from the town limits on land use. This will eventually be worked into a zoning ordinance.

Moose Club To Charter Dec. 1

The first Moose Club in the history of Mocksville or Davie County began to take official form last week with the election of temporary officers.

In a meeting held at Miller's Diner - Restaurant, temporary officers were elected and the date set for officially chartering the club was on Tuesday night, Dec. 1.

At the present time there are 32 members of this organization with others expected to join prior to charter night.

At the meeting last week, Earl Hald, district membership director, presided and showed films of Moosehead and Moosehaven, and described the purposes and objectives of the organization for the members. The temporary officers elected were as follows:

O. K. Pope, Past Governor; W. W. Williams, Governor; John Spillman, Junior Governor; Roy Blacklock, Secretary; Prelate, Claude Horn; J. R. Cloer, Treasurer; Jimmy Spillman, Sergeant - At-Arms; T. A. Laffer, Inner Guard; Troy M. Daniel, Outer Guard. Named to the board of trustees were Marvin Bowles for one year; Jack Boger for two years; and Jim Foster for three years.

Bowden Named To Agriculture Board

L. S. Bowden, Jr., was elected to the Board of N. C. Agricultural Foundation at N. C. College. The Foundation has one director from each county and Mr. Bowden was elected replacing Paul Blackwelder from Davie County, whose term expired.

The Agricultural Foundation governs the way the money is spent from Nickels - For - Know - How.

The Foundation is responsible for the much improved variety of peanuts, developed through radiation, that yields from one-third to one-half more than old varieties. It is also responsible for some of the latest and most productive varieties of tobacco, and for developing some varieties of alfalfa that appear to be far superior to anything we have for North Carolina at present.

Some of the leading scientists in the country are doing research work in North Carolina. If it were not for the Foundation, it would not be possible to have this type of personnel.

At present, the program, Nickels-For-Know-How, has collected around \$239,000. One crop of peanuts developed through radiation would bring much more money than has been collected ever since the Nickels - For - Know - How program was enacted.

JOHNNY WARD

Johnny Ward Wins Scholarship

John Everette Ward, Jr., of Rt. 3, Mocksville, is the recipient of the Lindley Memorial Scholarship at High Point College for the academic year 1959-60.

Mr. Ward and Miss June Lee of the Methodist Home for Children in Raleigh, were chosen for this scholarship from a field of many candidates. The scholarship carries a value of \$100 to each student.

Mr. Ward is a freshman at High Point College. He is the son of Mrs. Maurine Ward and the late John E. Ward, Sr. He is planning to major in the field of science.

The Lindley Memorial Scholarship was set up in memory of the late Dr. Percy E. Lindley, Dr. who was the first dean of students at High Point College and taught religion at the college until his death in 1951. The scholarship is awarded annually to the persons considered most deserving by the Scholarship Committee of the Alumni Association. The committee is presently composed of Miss Louise Adams and Stan Broadway of the college and Mrs. Ruth Sumart and Paul Owen of High Point.

Tractor-Trailer Load Of Furniture Burns Here Monday

A tractor-trailer load of furniture burned Monday night on North Main Street, severing carter lines of Duke Power Company which put the north-west section of Mocksville in total darkness for approximately two and a half hours.

The fire occurred around 9 p.m. near the intersection of Cherry Street and North Main Street. It is believed to have originated near the gasoline tank between the cab and trailer.

The Mocksville Fire Department was hampered in fighting the blaze because of the danger of the high voltage wires over the tractor-trailer, one of which had burned into and was laying on the truck.

The tractor-trailer and furniture belonged to Hanes Furniture Company of Mocksville. Total loss was estimated at around \$12,000. The trailer load of furniture was destined for Atlanta, Ga. The driver, Earl Draughm of Mocksville had filled the tractor earlier in the evening and had parked it for a short period of time in the parking lot adjoining Hanes' Foodland. When he left the parking lot heading up North Main Street, Mr. Draughm said he noticed a red glare in his rear view mirror. He stopped the tractor-trailer and by that time, the flames had spread throughout the entire truck.

Don Headen of Hanes Furniture Company said that the load was partially insured. A large crowd of interested citizens gathered to watch the fire. Several of the tires on the tractor-trailer exploded.

Merchants To Sponsor Morning Parade Here

The big Christmas parade is planned for Mocksville for Saturday morning, Dec. 5th. The parade is being sponsored by various businesses of Davie County.

The parade will include the Davie High School Band; the West Yadkin High School Band; and possibly others. Also included will be floats of various types; saddle horses; antique cars; fire trucks; and marching units. It is being planned to begin around 11 a.m. on Saturday, Dec. 5th, at the Masonic Picnic Grounds and come down North Main Street to the square and turn and go out Wilkesboro Street.

The parade will herald the official visit of Santa Claus to Davie County, and Santa will occupy an honored position in the parade. Anyone desiring to enter floats, covered wagons, surreys, marching units, e. c., in the parade are requested to contact one of the members of the committee: Dr. R. F. Kemp, chairman; Gilmer Brewer and James Nichols.

Full details on the parade will be announced in next week's paper.

Davie Gagers Open Play Tuesday Night

Davie High School basketball teams open their 1959-60 season Tuesday night at the Southwest Consolidated School in Forsyth County. The girls' game will get underway at 7 p.m.

The Rebels and Rebelettes will play their first home games at the Coleman gymnasium on Friday, Dec. 4, when they meet Yadkinville.

Coach Bob But's is handling the coaching reins again this year for the Rebels and has four lettermen returning: Barry Southern, Jerry Spry, John Grimes and Chuck Tomlinson. Joining with these lettermen will be Benny Merrill, Billy Evans, and others.

Coach But's said that he was expecting a lot of help from several members of last year's Jayvee team and from two or three freshmen, who had looked good in early practices.

Coach Bill Peeler will handle the reins for the Rebelettes this year and is looking forward to a good season. Lettermen returning for the Rebelettes include Ann Graham, Edith Hartman, Sue Bowles, Pat Beck and Callie Bailey. Coach Peeler also said he was expecting much help this year from the more talented members of last year's Jayvee team. It was also announced that the Jayvee teams would play a regular schedule. The first game for the boys' junior varsity will be on Dec. 4 when they meet the Yadkinville Jayvees in a game at Mando.

Bad Check Artists Sentenced To 30-Days For Local Effort

Two men received sentences of 30 days each in Davie County Court Tuesday on the charge of passing a worthless check to Mrs. Ola Wood, manager of the Mocksville Hotel.

C. M. Harrelton and W. S. Reynolds, who gave their addresses as Greensboro and Lexington, each pled guilty of using a worthless check to obtain funds from Mrs. Wood.

Mrs. Wood testified that the two men came into the Mocksville Hotel last Friday and presented themselves as representing Fox Studios of Lynchburg Va. and wanted a room for about a week. She said that after they checked in she cashed a check for them in the amount of \$49.50 in payment for the room and gave them \$39.50 in change. She said that the two men then left, telling her they were going to the bus station to pickup their luggage.

When the two men failed to return that night Mrs. Wood became suspicious and called local police. Policemen Joe Foster investigated.

Mr. Foster told the court that his investigation showed that the two men came into Mocksville about 11 a.m. last Friday morn-

ing by bus. That they applied for a room at the local hotel where they cashed a check for \$49.50 on the First National Bank at Lynchburg. A call to Lynchburg established that there were no Fox Studios there which they purported to represent.

Further investigation established that the two men were seen leaving Mocksville in a taxi. The taxi driver told Mr. Foster that he had carried them to the Longview Motel between Thomasville and Lexington.

A telephone call was then made to the Sheriff's Department in Davidson County asking them to check on the two men. They were arrested by Davidson County authorities at the motel and admitted giving the worthless check but told the officers that they planned to give the money back to Mrs. Wood.

At the time of their arrest they had on their persons blank checks on other banks and \$16 in money.

In addition to giving the two men sentences of 30 days each, Judge Grant ordered that the \$16 in cash be turned over to Mrs. Wood as partial reimbursement for her loss.

About Your Social Security Boy at Side of Road

Teddy sat on the grass crying. He was bruised and shaken but that's not what made him cry. Teddy had been made an orphan about ten minutes before.

Teddy, with his father and mother, had been out Sunday riding. Teddy's future was bright and secure. His father owned a farm that provided all their needs and some of the luxuries of life. His parents loved him dearly, their whole life seemed wrapped up in Teddy's welfare.

Then came that awful crash. There was no warning when the other car came out of that side road — going too fast. Teddy's father and mother were killed instantly and Teddy was thrown clear. In a moment, happiness had turned to tragedy.

Teddy's future was drastically changed — from security to uncertainty. His loving parents had given him much but had not done all they could. They had thought that everything possible had been done for Teddy's future but no — there was something missing.

Teddy's father had failed him by not providing him with the financial security that could have been his if only his father had paid his social security tax each year. Teddy could have received monthly benefits until he was 18 years of age if his father had only filed his social security tax returns each year.

This proud and generous father had neglected the son he loved so much. And it would have taken only a little effort each year to provide for Teddy's future. Completing a farm social security tax return and paying the proper tax each year could have meant that Teddy could have received up to \$87 each month until he was 18. Since Teddy was five years old, his father would have, in effect, provided him with an insurance policy worth up to \$13,572.

Are you providing your children protection by paying your social security tax? If not you may be placing your children with Teddy on the side of the road.

Pay your social security tax when due and buy the best kind of insurance for your wife and children.

FARM-CITY WEEK

Farm-City Week 1959 is an occasion to remind our rural neighbors that the farmer now has the same social security protection against disability that the city worker has had since 1955. J. G. Liebenberger, district manager of the Salisbury social security office, said today.

Mr. Liebenberger stated that the farmer like the city dweller, needs at least five years of work to qualify for his protection. As a result of his covered earnings since 1955, he now has social security protection against permanent and total disability. The farm operator who can no longer carry on his farming activities as the result of a severe disability should contact his nearest social security district office.

The disabled farmer who is not yet 50 may protect his own and his family's rights to future social security benefits by "freezing" his earnings record at the most advantageous level possible. If he is between the ages of 50 and 65, he may qualify for payments for himself and also for benefits to members of his family.

Prompt inquiry, Mr. Liebenberger stated, may protect benefit rights and speed up the payment of benefits to the disabled farmer and his dependents. April, 1960, is the first month for which a benefit can be paid to a farmer who qualifies for cash disability checks now. This is because the law sets a six month waiting period between the date the disability began and the first month for which payments can be made.

Mr. Liebenberger pointed out that the local social security office has available a pamphlet on the disability provisions of the social security law. If you would like to have a copy, phone, write, or visit your local office and ask for a copy of booklet 29, "If You Become Disabled."

Savings Bonds

We promised to tell you more about those old Savings Bonds you've been holding. They're worth more, you know, as a result of recent legislation by Congress permitting the Treasury to increase interest rate by one-half per cent. You know, of course, that new bonds bought since July 1st pay 3% per cent when held to maturity. But you may not have realized that all E and H bonds bought before that date also draw half a per cent more than originally promised, from this point to maturity. And because they pay higher yields the older they get, you probably have many old bonds that will pay you above 4 per cent, from now to their maturity dates. So don't think that getting rid of the old 3 and 3 1/2 per cent bonds to buy the new 3 1/2 per cent ones is making money for you. Better think twice — and then figure each transaction separately. Remember — the old bonds are more valuable than ever.

can you spare 9 minutes

to read a message 19 centuries old?

The Sermon on the Mount is for everyone. Anyone who reads it will be happier today. Anyone who carries it in his heart will be happier forever. Read...re-read...and understand its words. No speech ever promised...or delivered...so much.

WHEN he saw the crowds of people he went up on the mountain. There he seated himself, and when his disciples had come up to him, he opened his lips to teach them. And he said:

★ Blessed are those who feel their spiritual need, for the Kingdom of Heaven belongs to them! Blessed are the mourners, for they will be consoled! Blessed are the humble-minded, for they will possess the Kingdom. Blessed are those who are hungry and thirsty for uprightness, for they will be satisfied! Blessed are the merciful,

for they will be shown mercy! Blessed are the peacemakers, for they will be called God's sons! Blessed are those who have endured persecution for their uprightness, for the Kingdom of Heaven belongs to them! Blessed are you when people abuse you, and persecute you, and falsely say everything bad of you, on my account. Be glad and exult over it, for you will be richly rewarded in heaven, for that is the way they persecuted the prophets who went before you!

★ You are the salt of the earth! But if salt loses its strength, how can it be made salt again? It is good for nothing but to be thrown away and trodden underfoot. You are the light of the world! A city that is built upon a hill cannot be hidden. People do not light a lamp and put it under a peck-measure; they put it on its stand and it gives light to everyone in the house. Your light must burn in that way among men so that they will see the good you do, and praise your Father in heaven.

★ Do not suppose that I have come to do away with the Law or the Prophets. I have not come to do away with them but to fulfill them. For I tell you, as long as heaven and earth endure, not one dotting of an *i* or crossing of a *t* will be dropped from the Law until it is all observed. Anyone, therefore, who weakens one of the slightest of these commands, and teaches others to do so, will be ranked lowest in the Kingdom of Heaven; but anyone who observes them and teaches others to do so will be ranked high in

the Kingdom of Heaven. For I tell you that unless your uprightness is far superior to that of the scribes and Pharisees, you will never even enter the Kingdom of Heaven!

★ You have heard that men were told "You shall not commit adultery." But I tell you that anyone who looks at a woman with lust in his heart has already committed adultery with her in his heart. If your right eye makes you fall, get rid of it, throw it away, for you might better lose one part of your body than have it all thrown into the pit! If your right hand makes you fall, get rid of it, throw it away! For you might better lose one part of your body than have it all go down to the pit!

thoughts of lust toward another has already committed adultery in his heart. But if your right eye makes you fall, get rid of it, throw it away, for you might better lose one part of your body than have it all thrown into the pit! If your right hand makes you fall, get rid of it, throw it away! For you might better lose one part of your body than have it all go down to the pit!

★ They were told, "Anyone who divorces his wife must give her a certificate of divorce." But I tell you that anyone who divorces his wife on any ground, except unfaithfulness, makes her commit adultery, and anyone who marries her after she is divorced commits adultery.

★ Again, you have heard that the men of old were told, "You shall not swear falsely, but you must fulfill your oaths to the Lord." But I tell you not to swear at all, either by heaven, for it is God's throne, or by the earth, for it is his footstool, or by Jerusalem, for it is the city of the great king. You must not swear by your own head, for you cannot make one single hair white or black. But your way of speaking must be "Yes" or "No." Anything that goes beyond that comes from the evil one.

★ You have heard that the men of old were told "You shall not murder," and "Whoever murders will have to answer to the court." But I tell you that anyone who gets angry with his brother will have to answer to the court, and anyone who speaks contemptuously to his brother will have to answer to the great council, and anyone who says to his brother "You cursed fool!" will have to answer for it in the fiery pit! So when you are presenting your gift at the altar, if you remember that your brother has any grievance against you, leave your gift right there before the altar and go and make up with your brother; then come back and present your

gift. Be quick and come to terms with your opponent while you are on the way to court with him, or he may hand you over to the judge, and the judge may hand you over to the officer, and you will be thrown into prison. I tell you, you will never get out again until you have paid the last penny!

★ You have heard that they were told, "An eye for an eye and a tooth for a tooth." But I tell you not to resist injury, but if anyone strikes you on your right cheek, turn the other to him too; and if anyone wants to sue you for your shirt, let him have your coat too. And if anyone forces you to go one mile, go two miles with him. If anyone begs from you, give to him, and when anyone wants to borrow from you, do not turn away.

★ You have heard that they were told, "You must love your neighbor and hate your enemy." But I tell you, love your enemies and pray for your persecutors, so that you may show yourselves true sons of your Father in heaven, for he makes his sun rise on bad and good alike, and makes the rain fall on the upright and the wrongdoers. For if you love only those who love you, what reward can you expect? Do not the very tax-collectors do that? And if you are

polite to your brothers and no one else, what is there remarkable in that? Do not the very heathen do that? So you are to be perfect, as your heavenly Father is!

★ But take care not to do your good deeds in public for people to see, for, if you do, you will get no reward from your Father in heaven. So when you are going to give to charity, do not blow a trumpet before yourself, as the hypocrites do, in the places of worship and the streets, to make people praise them. I tell you, that is all the reward they will get! But when you give to charity, your own left hand must not know what your right hand is doing, so that your charity may be secret, and your Father who sees what is secret will reward you.

★ When you pray, you must not be like the hypocrites, for they like to pray standing in the places of worship and in the corners of the squares, to let people see them. I tell you, that is the only reward they will get! But when you pray, go into your own room, and shut the door, and pray to your Father who is unseen, and your Father who sees what is secret will reward you. And when you pray, do not repeat empty phrases as the heathen do, for they imagine that their prayers will be heard if they use words enough. You must not be like them. For God, who is your Father, knows what you need before you ask him. This, therefore, is the way you are to pray:

*'Our Father in heaven,
Your name be revered!
Your kingdom come!
Your will be done on earth
as it is done in heaven!
Give us today bread for the day,
And forgive us our debts,
as we have forgiven our debtors.
And do not subject us to temptation,
But save us from the evil one.'*

For if you forgive others when they offend you, your heavenly Father will forgive you too. But if you do not forgive others when they offend you, your heavenly Father cannot forgive you for your offenses.

★ When you fast, do not put on a gloomy look, like the hypocrites, for they neglect their personal appearance to let people see that they are fasting. I tell you, that is all the reward they will get. But when you fast, perfume your hair and wash your face, so that no one may see that you are fasting, except your Father who is unseen, and your Father who sees what is secret, will reward you.

★ Do not store up your riches on earth, where moths and rust destroy them, and where thieves break in and steal them, but store up your riches in heaven, where moths and rust cannot destroy them, and where thieves cannot break in and

steal them. For wherever your treasure is, your heart will be also. The eye is the lamp of the body. If then your eye is sound, your whole body will be light, but if your eye is unsound, your

whole body will be dark. If, therefore, your very light is darkness, how deep the darkness will be! No slave can belong to two masters, for he will either hate one and love the other, or stand by one and make light of the other. You cannot serve God and money. Therefore, I tell you, do not worry about life, wondering what you will have to eat or drink, or about your body, wondering what you will have to wear. Is not life more important than food, and the body than clothes? Look at the wild birds. They do not sow or reap, or store their food in barns, and yet your heavenly Father feeds them. Are you not of more account than they? But which of you with all his worry can add a single hour to his life? Why should you worry about clothing? See how the wild flowers grow. They do not toil or spin, and yet I tell you, even Solomon in all his splendor was never dressed like one of them. But if God so beautifully dresses the wild grass, which is alive today and is thrown into the furnace tomorrow; will he not much more surely clothe you, you who have so little faith? So do not worry and say, "What shall we have to eat?" or "What shall we have to drink?" or

"What shall we have to wear?" For these are all things the heathen are in pursuit of, and your heavenly Father knows well that you need all this. But you must make his kingdom, and uprightness before him, your greatest care, and you will have all these other things besides. So do not worry about tomorrow, for tomorrow will have worries of its own. Let each day be content with its own ill.

★ Pass no more judgments upon other people, so that you may not have judgment passed upon you. For you will be judged by the standard you judge by, and men will pay you back with the same measure you have used with them. Why do you keep looking at the speck in your brother's eye, and pay no attention to the beam that is in your own? How can you say to your brother, "Just let me get that speck out of your eye," when all the time there is a beam in your own? You hypocrite! First get the beam out of your own eye, and then you can see to get the speck out of your brother's eye.

★ Do not give what is sacred to dogs, and do not throw your pearls before pigs, or they will trample them under their feet and turn and tear you in pieces. Ask, and what you ask will be given you. Search, and you will find what you search for. Knock, and the door will open to you. For it is always the one who asks who receives, and the one who searches who finds, and the one who knocks to whom the door opens. Which of you men when his son asks him for some bread will give him a stone? Or if

he asks for a snake, will he give him a snake? So if you, bad as you are, know enough to give your children what is good, how much more surely will your Father in heaven give what is good to those who ask him for it! Therefore, you must always treat other people as you would like to have them treat you, for this sums up the Law and the Prophets.

★ Go in at the narrow gate. For the road that leads to destruction is broad and spacious, and there are many who go in by it. But the gate is narrow and the road is hard that leads to life, and there are few that find it.

★ Beware of the false prophets, who come to you disguised as sheep but are ravenous wolves underneath. You can tell them by their fruit. Do people pick grapes off thorns, or figs off thistles? Just so any sound tree bears good fruit,

but a poor tree bears bad fruit. No sound tree can bear bad fruit, and no poor tree can bear good fruit. Any tree that does not bear good fruit is cut down and burned. So you can tell them by their fruit. It is not everyone who says to me "Lord! Lord!" who will get into the Kingdom of Heaven, but only those who do the will of my Father in heaven. Many will say to me on that Day, "Lord! Lord! Was it not in your name that we prophesied, and by your name that we drove out demons, and by your name that we did many mighty acts?" Then I will say to them plainly, "I never knew you! Go away from me, you who do wrong!"

★ Everyone, therefore, who listens to this teaching of mine and acts upon it, will be like a sensible man who built his house on rock. And the rain fell, and the rivers rose, and the winds blew, and beat about that house, and it did not go down, for its foundation was on rock. And anyone who listens to this teaching of mine and does not act upon it, will be like a foolish man who built his house on sand. And the rain fell and the rivers rose, and the winds blew and beat about the house, and it went down, and its downfall was complete.

★ When Jesus had finished this discourse, the crowds were astounded at his teaching, for he taught them like one who had authority and not like their scribes.

GOOD FOOD BUYS
Food shoppers will find more favorable meat prices appearing on favorite cuts at most meat counters. Many stores are featuring quantity orders at reduced prices.

November is always Turkey month and consumers will find a good supply awaiting them this year. Prices remain at low levels. Heavy hen prices continue favorable. Lower broiler prices indicate another economical protein food to stretch food budgets.

New 3 3/4% Interest on U.S. Savings Bonds

And the Bonds you already own are better than ever, too!

NEW SERIES E BONDS TURN \$18.75 INTO \$25.00
14 MONTHS QUICKER THAN BEFORE
Three new dollar benefits make U.S. Savings Bonds a smarter buy than ever. First, all the series E and H Bonds you owned before June 1, 1959, automatically earn an extra 1/4% interest from June 1 until maturity. Second, every new Bond you've bought since June 1 pays a new, higher rate of 3 3/4% if you hold it to maturity. (For Series E Bonds that means only 7 years 9 months—14 months quicker than ever before!) Third, all your E bonds, old or new, now carry an automatic extension privilege; they'll keep on paying liberal interest for as long as 10 years beyond maturity. Three big new reasons to buy new Bonds—and hang on to the ones you have. Sign up now to buy them regularly at your bank, or through the Payroll Savings Plan at work. There's no easier, safer, more American way to save. New Bonds help your country while they build for your future—and give you a better deal than ever, too.

YOUR MONEY GROWS 33 1/4% IN JUST 7 YEARS AND 9 MONTHS WITH NEW SERIES E BONDS!

RULES FOR SUCCESSFUL TREE PLANTING

Your Piedmont acres are capable of producing \$10-\$15 income per acre per year in trees if planted and managed properly. The success of any tree planting job depends upon selecting the most suitable species for the site and the proper handling of the seedlings in transit, in storage, and in field planting.

Selection of suitable species — Trees are generally suited to upland and drier sites, whereas poplar requires rich, moist but well drained sites.

Care in Transit and Storage — The common causes of seedling damage are: (1) drying; (2) heating; (3) freezing; and (4) mechanical injury. Seedlings should be kept in bundles and thoroughly saturated every 2 or 3 days, packed in a sheltered, cool, ventilated place (where they will not freeze), and stacked at an angle where the water will drain out and the air will circulate around all sides of the bundles. Seedling bundles must not be stacked on top of or treated roughly.

Care in Field — Seedlings could be transferred from bundles to a bucket filled with enough paste clay to cover the roots. Seedlings should not be exposed to sun or wind. Only one seedling at a time should be taken out of the bucket to prevent drying of roots. Broken bundles should be kept wrapped, wet and placed in the shade. Seedlings should not be left overnight in the sun. Care should be taken to prevent mechanical injury in all handling of seedlings in the field.

Planting of Seedlings — Trees should not be planted when the soil is dry. Good field planting consists of good planting hole preparation, good placement of the tree in the hole and properly packing the hole and packing the soil. Holes should be large and deep enough so roots will be kept down and seedling as deep (or deeper) as it was in the nursery. Soil should be firmly pressed against roots so no air pockets remain. Successful tree

Social Security In Davie County

Disabled farmers who believe they qualify for social security benefits are urged to write or visit the Salisbury social security office immediately, according to J. G. Liebensberger, District Manager.

Severely disabled farmers who became covered under social security for the first time in Jan., 1955, will have obtained the required five years coverage in October, 1959. After the work requirement is met the law requires that a person be disabled for six months before payments can be made. Farmers who meet these requirements and are between the ages of 50 and 65 can qualify for monthly payments. Disabled farmers who are not 50 years of age may qualify for a disability freeze.

Although many disabled farmers will not have paid the required five years of coverage until they file their 1959 self-employment tax returns, they should inquire now about disability benefits. By so doing, they can avoid the first of the year rush at the social security office. This will help speed the handling of the disability claim.

The Salisbury office is located at 105 Cowher Avenue. It is open Monday through Friday except national holidays, between the hours of 8:45 a.m. and 5 p.m.

Planting can be accomplished with planting machines, dibbles, shovels or mattocks depending upon the topography.

Note: Additional tree planting information and assistance can be obtained from your local forester or agricultural agencies.

Make your abandoned land and cutover woodlands productive — plant trees now!

Horn of PLENTY

This great land of ours has been blessed with the riches of the earth and with the freedoms, the rights, to enjoy them. But does the mere ownership of these goods guarantee our happiness?

All of us have experienced a disappointment at finally possessing some much desired article. After weeks and sometimes years of looking forward to it, we find that the actual ownership brings little pleasure.

Could the lack lie with the gift itself? No, apparently it is within ourselves. Our own attitudes, our own relationships, our own understanding have certainly much more to do with our final satisfaction.

How then are we to derive the greatest blessings from the goods which have been put at our disposal? The best place to begin is in the Church. Here, in a personal search for God and our own understanding of Him, we may achieve a spiritual harmony, which will bless our lives and those of our fellow men.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FORAGE UTILIZATION

This is a series of articles on utilization of pasture and forages throughout the United States. No one method is best adapted to all parts or even to one part of the country. The trend in forage utilization will be for dairy operations in the areas of Middle West, East, South, West, and Far West in the United States.

Middle West: Midwest dairy operations are becoming fewer in number and more mechanized and more specialized. At the same time more dairymen are becoming convinced that the dairy cow is not an efficient harvester of forage crops and as a result, systems of utilizing forage crops are changing. The shift is from wide open grazing to more intensive, regulated systems. Improved rotation grazing is one way. Dividing good pastures into strips that give cows just enough forage for a single day is looking good. Taking the herd out of the field entirely and harvesting forage as green feed once or twice a day is becoming popular, too. But in many cases two daily outtings become costly and time consuming. Finally all grassland crops can be harvested and stored as hay and silage, then fed in dry lot feeding to grazing both cows and forages more efficiently. Acreage required for summer forage can be reduced from 0.85 to 0.54 acre when going from strip grazing to drylot feeding.

Before attempting any one of these systems a farmer should consider all aspects of his farming operation and ask himself these questions: How much will it cost? Is my herd large enough to warrant green feeding? Can I make high quality hay and silage that stored plant demands? A farmer may end up with less milk or less net profit by changing to a system unsuited to his farm. In this region the trend in utilizing forage during the summer is definitely in the direction of some system in which cattle do not harvest their own feed. However there will always be a place for pasturing.

upon us everyday. Among those we are truly thankful for is one of the best communities in which to live. This reminds us of many of the older members of our churches and community who have labored and served through the years to provide the churches, schools, and homes which comprise a good community, at Yadkin Valley. We have Mrs. Ellen (Granny) King, who is 90 years of age, and still able to attend church and help with the household chores. John Riddle who attends almost all the church services and is often seen out on his crutches busy making pictures and visiting his neighbors. Mr. and Mrs. John Sheek who seldom miss a church service and work at their farm every day, and many others who have kept working and serving to make this a good place in which to live.

Rutledge Sunday at Courtney.

The Rev. W. H. Wallace was a dinner guest of Mr. and Mrs. Mitchel Fleming Sunday.

Mrs. Cicero Bailey, who underwent surgery at Baptist Hospital, Winston-Salem, last week is doing nicely.

Can You Heat Your House and Cool It, Too, For Less Than 45¢ Per Day?

THE ELECTRIC HEAT PUMP DOES IT IN THIS MODERN HOME and CAN DO IT IN YOURS

This home is only one of hundreds in the Piedmont Carolinas whose owners enjoy the thriftiest way to heat and cool with an electric heat pump. Yet efficiency and economy are secondary to the year 'round comfort brought by this automatic "weather machine" that uses only air and electricity. The heat pump needs no flue or chimney, no fuel storage facilities, yet is so compact that in most instances it can be installed under the floor, in the attic, or some other out-of-the-way place.

If you are planning a new home — buying or building — get all the facts about electric heat pump advantages for your family's enjoyment of perfect indoor weather all year. In addition to its thrifty operation — usually 1¢ per square foot per month — owners report many other benefits:

- DRAFT-FREE COMFORT**
No hot blasts — no cold drafts
Comfort level is constant — automatic
- INCREASED CLEANLINESS**
There is no combustion, therefore no fumes, soot or dirt from fuels.
Your house stays clean, lowers cleaning costs.
No dirt or dust from opened windows.
- MAXIMUM SAFETY**
No flame-hot surfaces to burn hands or scorch furnishings.
Safe as an electric light bulb.

Duke Power neither sells nor installs the electric heat pump, but our heating specialists will be glad to give you full details about your requirements. There is no charge or obligation for this service. Call your Duke Power office for a heating specialist and learn about heating and cooling your home the electric way — best today, tomorrow the only way!
