Expanded Flexibility

Dual position tip ejectors for protection and precision when using microtubes (P2 & P10 only).

World's First Ergonomic Tip for Standard Pipettors

**65%
Less Effort!**

Our Tri-Force of Patents Reduce Repetitive Strain and Maintain Precision

Read more at: www.geneseesci.com/Tri-Force

Flex-Fit

This tip physically 'grips' the pipettor. Perfect seal with 65% less effort.

X-Resin

Noticeably reduces error and variation with naturally low binding resin.

Blade

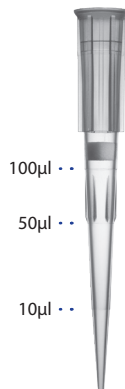

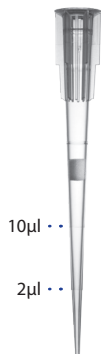

No more hanging droplets. No more tip touch-off.
