WHO WE ARE?

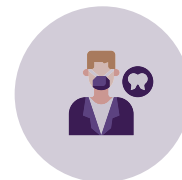

We're a medical and dental supply store online transforming the healthcare experience by creating innovative, comfortable and supremely functional medical and dental products. We are revolutionizing the way medical professionals purchase their Personal Protective Equipment and other medical/dental equipment. Our team is working hard to bring the next generation of environmentally friendly medical products.

#TeamPenguin

NUMBER OF DENTAL CLINICS WE SERVE

As one of the fastest growing medical and dental supplies company in Canada, we currently serve over **400 dental and 300 medical clinics** across Canada.

NUMBER OF STAFF

Team of 15 amazing human beings.

INTRODUCING ATRAUMAIR EXTRACTION FORCEPS

HiTeck's new line of Atraumair Forceps are designed for optimal access and enhanced crown and root engagement. Each forceps is meticulously crafted to the highest quality standard, ensuring superior performance and longevity. Atraumair Forceps are available in 13 unique patterns that provide a complete line for a variety of extraction cases.

FEATURES

- Enhanced beak geometries and longitudinal beak serrations provide a firm, secure grasp of the crown and root reducing the risk of crushing or fracturing the tooth
- Matte finish for enhanced contrast and reduced light reflection
- Unique hole design reduces weight of the forceps, providing increased comfort and control
- Meticulously crafted from the finest surgical grade stainless steel

INTRODUCING SERRATED LUCAS CURETTES

The cutting property is improved by the tothing, which acts as a "saw" for cutting and removal. Sharper than standard LUCAS curettes, serrated LUCAS curettes are used for more invasive applications, which makes it possible to act on tougher fabrics and provides a better deep curettage of the alveolus.

SMALL STRAIGHT, SMALL CURVED, STRAIGHT SPADE, SIYAH LUXATING HYBRID PROXIMATORS

A unique cross between a periotome and a luxating elevator, used apically within the periodontal ligament space to cut periodontal ligaments prior to extraction.

~~\$149~~

\$99.99/EACH

PUSH SCALPEL HANDLE

Used for cutting gingival tissue and making surgical incisions. Provides greater rotational movement with fingertip control and enhances dexterity. Has a push mechanism to safely remove the blade.
