30ATS & HARBORS Is Published 3 Times Each Month and Each Issue Goes by Direct Mail and Internet to Thousands of Individual Boat Owners, Builders and Operators, Tug, Pushboat and Barge Owners and Builders, Boat Yards, Commercial Fishermen, Packers and Processors. Divers and Diving Companies, Docks, Dredgers, Exporters, Ferrymen, Freighters, Harbor Personnel, Longshoremen, Marinas, Steamship Companies, Marine Contractors, Off-Shore and Inand Oil Exploration Firms, Pile Drivers, Marine Salvage Firms, Ship Yards, Terminals, Towing Companies, Marine Warehouses, Government Agencies & other Related Businesses in the U. S. Possessions, Canada, Mexico & most other Foreign Countries. Boats and Harbors Is Published in Crossville TN 38557.

Lockport, Louisiana - Bollinger Shipyards LLC has announced the delivery of the M/V COLE GUIDRY, an 80-ft. 2,000 HP inland towboat to Lorris G. Towing of Cut Off, Louisiana. Designed by Bollinger Shipyards, is a 2,000 HP inland towboat measuring 80 feet by 36 feet with a 10-foot draft. The vessel is powered by three (3) Caterpillar C18 Tier 3 engines rated at 670 HP each, supplied by Louisiana Machinery. The reduction gears are Twin Disc Model MGX517ODC with a ratio of 6:1. Electrical power is provided by three (3) Kohler generators, 65 kW each, supplied by Caroline Marine of Cut Off, LA. Tank capacity for fuel is 20,000 gallons and potable water capacity is 7,400 gallons. The vessel has four (4) staterooms and seven (7) bunks for the comfort of its crew. Luke Guidry of Lorris G. Towing said, "This vessel exceeds our expectations. Bollinger's technology and craftsmanship are evident in the design and construction of this vessel. We can expand on this design to meet our future needs and the needs of our customers." For more information contact: Eric Bollinger, Bollinger Vice President of Sales, Tel.: 985-532-2554.

Arrr! You Dirty Swab, Tell Where Ye Hid Me Boats and Harbors!!!

WANT VALUE FOR YOUR ADVERTISING DOLLAR? BOATS & HARBORS

machines are not utilizing EPA flex credit engines as are other marine generator manufacturers, which is illegal. The Kubota diesel engines utlized by **Phasor** are either Tier IV Final or EPA Tier IV Marine Certified up to and Including the K4-30.0 kw model. All standard machines continue to utilize the Kubota or John Deere diesel engines coupled to the electrical ends. These engines approved for use with Bio-Diesel B5. New for the 2014 model year are two Ignition Protection Certified models d at 4.5 kw and 7.0 kw operating at 1800 rpm. These machines are certified for use in gasoline powered boats. All Phasor's continue to offer a 5 year limited warranty.

#### Standard Equipment: 1800 RPM Sets

NEW SURPLUS NEW SURPLUS CALL NOW!!

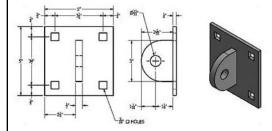

Inside Corner (H-IC) has slots and can be used with 1-1/2" - 3" thick wood. The inside corner sandwiches the wood between the opposite outside corner, keeping bolts from burying themselves in the wood. A corner gusset gives the unit a lot of strength and helps from racking the dock. H-IC Ship#7 \$13.95

Single "T" Female (H-SF) has two 1/2" tabs and is used with an Outside Corner Male (H-OCM) or a Single "T" Male (H-SM). Both male and female singles can be bolted to the side of a dock to make finger attachments. They can also be bolted to seawalls to make ramps. H-SF Ship#4 \$13.04

Outside Corner Female (H-OCF) has two 1/2" tabs and a hole for a 3/4" bolt or B-PIN. Would be used with an Outside Corner Male (H-OCM) or with a Single "T" Male (H-SM). H-OCF Ship#9 \$22.23

Single "T" Male (H-SM) has one 1/2" tab and is used with an Outside Corner Female (H-OCF) or Single "T" Female (H-SF). H-SM Ship#3 \$9.22

Merco Marine is a manufacturer of boat dock building components and accessories. We were established in 1979. Everything we manufacture is made in the United States, with US Steel, and US workers.

The products shown here are only a small portion of the over 2000 items that we manufacture and keep in inventory for boat dock building and marinas.

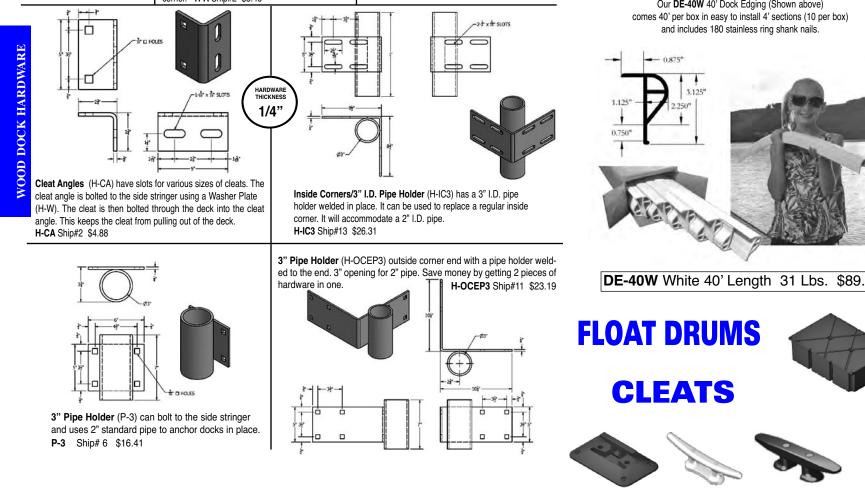

For a complete list of our products check us out on the web at www.mercoboatdocks.com or give us a call at 304-737-3006. You can also request a free copy of our 65 page catalog.

Merco Marine can provide simple parts and pieces for your small pond or lake dock to build on site, or we can build entire marinas from start to finish.

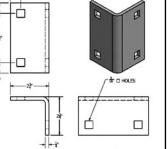

# WOOD DOCK HARDWARE WWW.MERCOMARINE.COM 1-304-737-3006

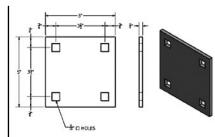

Washer Plates (H-W) are used mostly with Angles (H-A) and Clea Angles (H-CA). The square hole in the plate keeps the carriage bolts from turning when the bolts are tightened. H-W Ship#1 \$1.24

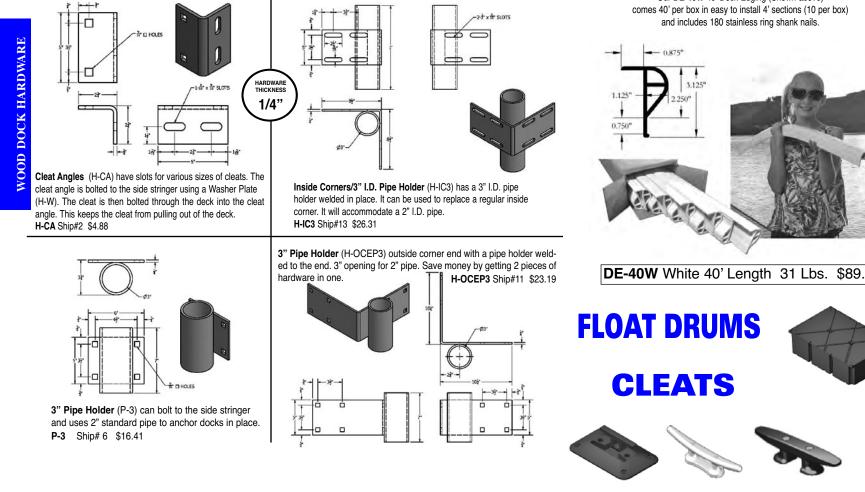

Angles (H-A) used to hold all cross stringers to side stringers using a Washer Plate (H-W). The wood is sandwiched between the steel and creates a solid corner. H-A Ship#2 \$3.45

Backup Plates (H-B) are used with Single "T" Males (H-SM) and Single "T" Females (H-SF) for additional strength and to keep bolts from pulling through the wood. H-B Ship#2 \$3.30

## RUBRAIL

## **HOOP PILE HOLDERS**

Our convertible Hoop Pile Holders have 3 basic pieces, a deck plate, a hoop and a roller assembly. This allows you to have a hoop pile holder the way you want it, whether it be a permanent hoop, a removable hoop or a hoop with a roller. You can use the roller assembly on the deck plate or bolt it directly to the dock. All parts are hot dipped galvanized. Add a UHMW Roller to any assembly as shown at the bottom of page 19. All assemblies include a deck plate, hoop, roller assembly, and 6 carriage bolts. Fasteners required to bolt to you dock sold separately on page 28.

#### MECHANICAL REQUIREMENTS FOR DISPLAY ADVERTISING

1. Printing process: Web offset.

- 2. Binding method: Saddle stitched.
- 3. Trim size 10-1/4" wide by 17" deep
- 4. 4 column page format.
- 5. Width of single column: 2-1/4" (14 picas) Width of two columns: 4-3/4" (28-1/2 picas) Width of three columns: 7-1/4" (43 picas) Width of four columns: 9-3/4" (58-1/2 picas)
- 6. Depth of column: 16-1/4"
- 7. Minimum size space unit; one column in. (2-1/4"W x 1"D)
- 8. All display ads must be full inches (no fractions).
- 9. Ad must be as many inches in depth as it is columns wide.
- 10. Publisher accepts: Negatives (right reading emulsion side down); repro proofs; camera-ready art; copy to be set in type. For best results, we recommend the submissions of quality white proofs rather than negatives. (Mail repro proofs flat or in mailing tube).
- 11. Black and white halftones: 80 to 100 line screen.
- For best quality, submit clear sharp photos.
- 13. Page number or position on page not guaranteed.
- 14. Contract advertisers are entitled to one complete change of copy every three issues. When change of copy is not received by closing date, copy run in previous issue will be inserted.
- 15. The publisher assumes no liability if for any reason it becomes necessary to omit any advertisement.
- 16. No cancellations or changes in orders will be accepted after closing dates.

### **CLOSING DATES FOR DISPLAY**

Normally the 5th, 15th and 25th (9:00 A.M. C.S.T.) (Unless Otherwise Published)

- Width of three columns: 7  $\frac{1}{4}$  (43 picas). Width of four columns: 9  $\frac{3}{4}$  (57  $\frac{1}{2}$  picas).
- 6. Depth of column:  $16 \frac{1}{4}$ ".
- 7. Minimum size space unit; one column in. (2 1/4" W x 1" D).
- 8. All display ads must be full inches (no fractions).
- 9. Ad must be as many inches in depth as it is columns wide.
- 10. Publisher accepts: PDF files are preferable in our pre-press workflow. PDF files should be in CMYK color space, contain high-resolution CMYK graphic elements (or Grayscale for Black and White graphic elements) and have all fonts embedded. Publisher also accepts files in Quark XPress 5. When sending files of this kind, please remember to include all supporting fonts and graphics.
- 11. Black and white halftones: 80 to 100 line screen.
- 12. For best quality, submit clear sharp photos.
- 13. Page number or position on a page not guaranteed.
- Contract advertisers are entitled to one complete change of copy every three issues. When change of copy is not received by closing date, copy run in previous issue will be inserted.
- 15. The publisher assumes no liability if for any reason it becomes necessary to omit any advertisement.
- 16. No cancellations or changes in orders will be accepted after closing date.

### **TERMS**

- Payment in advance unless credit is established. 2 percent discount with payment within 10 days of date of invoice. Net 30 days.
   Agency Commissions: 15 percent allowed when computer ready copy covering
- 2. Agency Commissions: 15 percent allowed when computer ready copy covering entire advertisement is furnished. There will be charges made for typesetting and composition.

### GENERAL RATE POLICY

Short Term Rate Applicable If Contract Is Cancelled. Proper Notification will be given of all rate changes. Space orders may be cancelled at the time the change in rate becomes effective without incurring a short rate adjustment, provided the billing rate has been earned up to day of cancellation. We Reserve The Right To Reject Any or All Advertising.
