

OMES-IS

OMES IS Vision

We are one, unified state IT resource – promoting collaboration, innovation and operational excellence while striving to provide quality services and become trusted advisers through strategic alliances and by contributing to the development of a more effective government for our citizens.

OMES IS Mission & Goals

To partner with State of Oklahoma agencies and affiliates to deliver quality, cost effective and secure information technology services.

► **Goals/Values:**

- Drive business innovation through technology.
- Promote collaboration across state entities.
- Utilize all government resources effectively and efficiently.

Partnership & Collaboration Initiatives

Affiliate Partner

Any governmental entity specified as a political subdivision of the State.

Examples:

- Cities
- Counties
- K-12 districts
- Higher Education Institutes
- Tribes
- Hospitals

Partnership Approach

OMES IS Should:

- Add value to every interaction with our agencies and affiliates
- Quickly adapt to the needs of our partners
- Provide quality, innovative and secure solutions
- Communicate meaningfully with our partners

This will allow us to ultimately transform IS's role from a regulator to that of a trusted advisor for our partners.

Collaboration Approach

- ▶ Public Education
 - K-12 Schools
 - Higher Education
 - Career Technology Centers
- ▶ Hospital Association
 - Federally Qualified Health Clinics
- ▶ Public Safety/First Net
- ▶ Tribal Organization
 - Chickasaw Nation
 - Choctaw Nation
 - Cherokee Nation

Open Range

What is OpenRange?

- ▶ The program is intended to facilitate communication with and educate state agencies and affiliates of availability of shared information technology contracts and services.

What is an Affiliate

Any governmental entity specified as a political subdivision of the State.

Examples:

- Cities
- Counties
- K-12 districts
- Higher Education Institutes
- Tribes
- Hospitals
