

Julian Beever is an English artist who's famous for his art on the pavement of England, France, Germany, USA, Australia and Belgium . Beever gives to his drawings an amazing 3D illusion.

People are actually avoiding walking in the "hole"

Which is the real guy & which beer is real?

The image below has been taken from a wrong angle:

Remember, both his feet in reality are flat on the pavement

Politicians Meeting Their End

World's Biggest Fly-Spray

This drawing of a Rescue was to be viewed using an inverting mirror

Girl on a beach mat.

Make Poverty History drawing from the side(40 ft long)

Spiderman to the rescue

Batman and Robin to the rescue (SO COOL)
