GRIFFIN GREENHOUSE SUPPLIES | 2023

ABOUT GRIFFIN

Griffin is a partner to horticulture professionals. Family owned and operated since 1947, we apply our knowledge, experience and resources to enhance customer success from production to retail.

End-to-end solutions are our specialty. We represent the industry's leading breeders and producers, spanning seed and vegetative, bedding and potted crops, ornamentals and edibles. Our grower supplies offer includes reliable inputs and equipment to help your crops thrive through all production stages. Finally, our quality retail products drive add-on sales for you, while enhancing consumer success and enjoyment.

To learn more about our company, we invite you to visit us online at www.griffins.com, follow us on LinkedIn, Instagram and Facebook.

GRIFFIN IS COMMITTED TO EXCEPTIONAL CUSTOMER SERVICE

Our goal is simple: to meet your needs and exceed your expectations. From the time you place your order until it's delivered to your location, our team works to treat you with the utmost care every step of the way.

We strive to deliver every order on time and in full. We'll contact you 24 hours before your delivery date to ensure you're ready for the product. If we're unable to honor a delivery date, we'll notify you in advance and make every effort to reschedule at a time that's convenient for you. In the event of any issue, we're dedicated to working with you and our suppliers as needed to find a swift resolution.

Your opinion matters to us! Customer feedback is key to helping our team deliver on our service pledge. Please don't hesitate to contact me directly – by phone or e-mail – with any questions or input that may help us serve you better.

Chris Layne | Corporate Customer Service Manager | 978.513.7023 | clayne@griffinmail.com

CELEBRATING 75 YEARS

Griffin Greenhouse is extremely proud to be marking our 75th anniversary in 2022 – a significant milestone that few companies achieve.

It is particularly gratifying to be celebrating this anniversary as the future for the horticulture products business looks so bright.

Reflecting on the long history of this company, we would like to acknowledge the patriarchs Charles J. Griffin and Ken Hyslip Sr. who built this company from a one-man operation to one of the largest and most respected suppliers of horticultural products and services in the U.S.

To all our employees, customers, stakeholders, and friends – we thank you for your continued commitment to Griffin. We hope to be able to share the ongoing celebration of our 75th Anniversary with you at our Expos we have planned in 2022.

Here's to another 75 fantastic years.

Sincerely,

Rick, Ken Jr., Craig and the entire Hyslip Family

President/CFO

Executive Vice President

Chief Operating Officer

PRODUCTION SUPPLIES

Griffin's roots are in production supplies, and they remain the backbone of our company today. We're proud to offer reliable inputs and equipment to help your crops thrive through all growing stages. Look to us for containers, growing media, chemistry and more from the manufacturers you know and trust. With the increasing demand for more economical and environmentally friendly methods of growing crops, we now specialize in Controlled Environment Agriculture from hydroponics to hemp. Our 16 branch locations service customers nationwide with convenience and efficiency. Shop all of our grower products and place your order with your Griffin sales representative or on www.griffins.com.

RETAIL SOLUTIONS

Griffin is the independent retailer's best source for lawn & garden products. We make it easy for IGCs to do business, with complete vendor offerings, low order minimums and efficient shipping solutions. Raise your retail game with help from our experts! Count on us for seasonal promotion ideas, merchandising best practices and space-planning tips to maximize your display areas and drive sales. Shop all of our retail products and place your order with your Griffin sales representative or on www.griffins.com.

GREEN GOODS

Griffin is a full-service broker of live goods to professional growers. Our assortment includes seed and vegetative material, bedding and potted crops, ornamentals and edibles from the industry's most respected breeders and producers. We're uniquely committed to the seed business, stocking more than 3,300 variety/product-form combinations in our state-of-the-art seed operations facility. Count on us for annuals, perennials, grasses, herbs and vegetables. We're serious about seed quality: Inventory monitoring and regular performance testing ensure every variety meets its full potential, from the greenhouse to the garden center. Browse our complete portfolio and book your inputs through your Griffin sales representative or on www.griffins.com.

TECHNICAL SUPPORT

GGSPRO is our in-house technical services team. With more than a century of combined experience, GGSPRO delivers prompt, practical and accurate support to Griffin customers nationwide. The team's areas of expertise include: Crop culture, sanitation protocols, plant physiology and pathology, chemical controls, biological control agents (BCAs) and plant nutrition. GGSPRO endorses a holistic approach to plant protection, utilizing a mix of cultural practices alongside chemical and biological controls to manage pests and diseases.

Visit www.griffins.com/ggspro or Contact GGSPRO at **1.888.GGSPRO.1**.

CONSTRUCTION SERVICES

Our construction team assists with all aspects of greenhouse planning, construction and maintenance. Whether it's a new operation or expansion, upgrades or replacements, we can help with options to meet your needs and fit your budget. We offer a full range of equipment to help you grow efficiently and profitably. Look to us for greenhouse structures, films and coverings, lighting, climate control, irrigation, carts and more. Visit us at www.griffins.com/construction to learn more about our product portfolio and see our project showcase.

YOUNG PLANTS

Griffin delivers premium quality plugs, liners and pre-finished plants from reputable producers nationwide. Our young-plant network serves all major regions of the country with reliable fill rates. To assure freshness, truck delivery is available to most areas from many of our partners.

Our assortment of market-leading varieties is available in the most popular product forms to meet your needs and preferences. Of course, our young-plant products are backed by the same unbeatable service and support you've come to expect from Griffin.

PERENNIALS

Quality inputs yield the best finished product. We partner with accomplished breeders and producers worldwide to bring you the best in perennial seed, cuttings and young plants.

We've built our perennial assortment with your success in mind. Our diverse portfolio features cutting-edge genetics to simplify scheduling and production for you, and provides enduring performance and value to modern consumers.

We're a proud sponsor of the Perennial Plant Association and other organizations that support perennial growers, breeders and producers.

Thank you.

We are committed to help you **MANAGE SUPPLY CHAIN ISSUES**

Dear Valued Customer,

Unprecedented market conditions are causing drastic and rapid changes in our industry that have the potential to significantly impact your business. As part of our mission to be a true partner to our customers, and not simply a vendor, we are sharing some vital information regarding global supply chain for many of our products. Our intent is to keep you informed so you can make important decisions regarding your business. We are advising customers to revise their views of their procurement processes, inventory planning, understanding of quotes, and their delivery expectations. Since these changes will impact your planning, we will continue to share information and provide transparency to these issues as the situation evolves.

We are experiencing a global supply chain crisis in our industry that we have never seen in the nearly 75-year history of Griffin Greenhouse Supplies. The two main effects of this disruption are price increases and extended lead times. Griffin Greenhouse Supplies collaborates closely with our vendor-partners to optimize inventory, negotiate pricing, and manage logistics. However, changes and increases are happening rapidly, often without notice, and we find ourselves unable to control these issues to the extent that we have in the past. There are three primary causes of the current supply crisis:

- **Strong global demand** – The economic recovery has been much stronger than many expected. Many manufacturers made long term planning decisions regarding inventory and staffing months ago based on a more pessimistic outlook, which did not come to pass.
- **Transportation costs and distributions** – Ports are struggling with backlogs, crude oil prices have increased, container prices have increased, and delays and pricing are increasing rapidly for LTL, ocean freight, and small package services.
- **Labor shortages and challenges** – The COVID crisis has caused many labor challenges that are ongoing. Manufacturers are short-staffed, struggling with higher-than-normal absenteeism, and utilizing a newer, less experienced workforce.

Griffin receives letters notifying us of price increases, freight surcharges, and unusually long lead times on a daily basis. Products that used to be available for on demand or quick shipping now have lead times extended to 4-8 weeks or longer. Lead times that were normally a month or two for large runs or custom items can now be surprisingly long.

Our industry contacts are telling us that supply levels may not stabilize for months, and that the best guess is that we will be well into 2022 before things begin to ease. Please be assured that we are doing everything we can to secure the necessary inventory to keep our customers operational. Specifically, we are increasing inventory levels on core items, negotiating with suppliers, and proactively contacting customers for forecasts. Until the price volatility resolves, all quotations will be valid for 7 days only. We are simply unable to guarantee pricing for orders with extended lead times or future ship dates. We encourage you to place your orders quickly, as the most important thing is to get in queue so we can work to secure your supplies.

We appreciate your patience and collaboration as we work through these challenges together. If you have any specific questions or concerns, please do not hesitate to contact your sales or customer service representative.

AGERATUM*(Ageratum houstonianum)***ALOHA BLUE**

An excellent choice for packs and 4" pots. Strong vigor for superb garden performance.

Garden height: 6-8"

Pack height: 3-4"

Days to first flower: 70-85

(*Viola wittrockiana*)
Pansy – Bedding

COLOSSUS™ SERIES

Colossus offers a tight, dense plant habit, with shorter internodes and small leaves. This contributes to less stretch, so Colossus is easier to manage in production and shows longer shelf life. This popular series features upward-facing blooms up to four inches across on short flower stems, creating a striking color show in packs, pots and landscapes. Colossus stays more compact during warm production conditions, making it the perfect choice for late spring, summer and fall production.

Garden height: 4-5"

Pack height: 3"

Days to first flower: 65-70 (fall)

Flower size: 3½-4"

Anemanthele Sirocco

ANEMANTHELE

(*Anemanthele lessoniana*)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Sirocco	10-12"	12-14"	7-10	Full sun to partial shade	The only pink grass from seed on the market today. Color matures to copper and pink shades under cool conditions and natural sunlight. MPLT seed form.

Carex Red Rooster

CAREX

(*Carex buchananii*)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Red Rooster	20"	30"	6-9	Full sun to partial shade	Upright bronze foliage adds color and texture to mixed containers and landscapes. MPLT seed form.

Carex Bronco

(*Carex comans*)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Amazon Mist	6-8"	10-12"	6-10	Full sun to partial shade	Fine, light-and-dark green foliage for mixed containers and bedding use. MPLT seed form.
Bronco	4-6"	6-12"	6-10	Full sun	Bronze-brown foliage with a graceful arching habit. MPLT seed form.
Phoenix Green	18-20"	22-24"	6-10	Full sun to partial shade	Narrow-leaved and bright green foliage. Low maintenance with good heat tolerance. MPLT seed form.

Carex Phoenix Green

FESTUCA

(*Festuca cinerea*)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Festina	12"	18"	4-10	Full sun to partial shade	Vivid steel-blue foliage thrives in hot, dry conditions. MPLT seed form.

Festuca Festina

(Festuca glauca)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Blue Fescue	15"	20"	4	Full sun	Fine-textured, needle-like leaves of silver-blue in a compact globe shape.

*(Festuca valesiaca)*

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Buddy Blue	8"	12"	4-8	Full sun	Silvery blue foliage with open panicles of tiny beige spikelets. Tuft-forming habit. Vernalization required. Best suited to fall and winter sales.

Isolepis Live Wire

ISOLEPIS

(Isolepis cernua)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Live Wire	3-5"	6-8"	Annual	Full to part sun	Soft green leaves with unique flowers that look like fiber optic strands. Performs best in mixed containers. MPLT seed form.

Juncus Starhead

JUNCUS

(Juncus ensifolius)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Starhead	6-8"	8-10"	4-10	Full sun to partial shade	Broad-leaved green foliage with a compact habit. Plants display long-lasting deep green star inflorescences. MPLT seed form.

(Juncus inflexus)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Blue Arrows	18-36"	36"	5-9	Full sun	An easy-to-grow selection noted for its stiff, upright, blue-green foliage. Well suited for landscape plantings or containers. MPLT seed form.

Juncus Blue Arrows

Juncus Twisted Arrows Fuseable

(Juncus interspecific)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Twisted Arrows Fuseable	18-36"	18-36"	5-9	Full sun	Twisted Arrows combines Blue Arrows and Juncus effusus spiralis for high visual appeal. The straight and twisted foliage is great in mixed containers. MPLT seed form.

Juncus Javelin

(Juncus pallidus)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Javelin	36"	48"	8-10	Full sun	A striking and sturdy upright variety that can tolerate everything from heat and drought to standing water. Can reach up to 60" in the landscape. MPLT seed form.

Juncus Blue Dart

(Juncus tenuis)

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Blue Dart	12-14"	14-16"	4-10	Full sun	Compact, blue-tinted grass with a strong upright habit. Very versatile, performing well in drought or standing water. A fantastic foliage selection. MPLT seed form.

KOELERIA

(Koeleria glauca)

Koeleria Coolio

Variety	Pot Height	Garden Height	Hardiness Zone	Location	Comments-Uses
Coolio	6-8"	20"	6-8	Full sun to partial shade	Blue-green grass with an upright habit; well-suited to dry locations. MPLT seed form.

LUZULA

*Thymus Serphyllum*

THYMUS – MOTHER OF THYME

ZONES 4-8

(Thymus serpyllum)

Variety	Height	Bloom Period	Location	Comments-Uses
Serphyllum	4-6"	Summer	Full sun	Sweet-scented foliage covered with purplish-rose flowers. Leaves turn bronze-red in fall.

*Verbena Buenos Aires*

VERBENA

ZONES 7-11

(Verbena bonariensis)

Variety	Height	Bloom Period	Location	Comments-Uses
Buenos Aires	40-50"	Summer	Full sun	Drought-tolerant plants are first-year flowering if sown early. Buenos Aires displays violet-purple umbels over gray-green foliage. PRIME seed form.

*Veronica Blue Carpet*

VERONICA – SPEEDWELL

ZONES 3-8

(Veronica spicata)

Variety	Height	Bloom Period	Location	Comments-Uses
Blue Carpet	6"	Summer	Full sun	Bright blue spikes with oblong leaves and a dwarf habit. Ideal for pots.

CLASS	VARIETY	TYPE	COMMENTS-USES
ANISE (<i>Pimpinella anisum</i>)	Anise	Annual	The licorice-flavored leaves are used to flavor confections.
BASIL (<i>Ocimum basilicum</i>)	 Aristotle	Annual	Small-leaved basil with classic basil aroma and taste.
	Cinnamon	Annual	Similar in appearance to Sweet Basil, with a pleasant cinnamon scent.
	Dolce Fresca 	Annual	Compact, bushy plants for a better presentation at retail and greater control in the home garden.
	Everleaf Emerald Towers	Annual	Well branched variety with tight internodes forms a tidy columnar plant. Flowers up to 10-12 weeks later than standard basil for longer harvesting. Traditional Genovese flavor.
	Genovese	Annual	A favorite for authentic Italian flavor. Perfect for pesto.
	Lemon Basil	Annual	Very strong lemon scent.
	Licorice Basil	Annual	Licorice or anise scent. Looks similar to Sweet Basil.
	Newton	Annual	Fast growing Genovese basil with high resistance to Fusarium. Large, bright green, crinkled leaves.
	Purple Ruffles	Annual	Dark purple, ruffled leaves cover 12" plants. Good for use as an ornamental and in cooking.
	Siam Queen 	Annual	Thai basil with extra-large leaves. Very fragrant, with more licorice flavor than Sweet Basil.
	SimplyHerbs Try Basil	Annual	Precision MPLT, each containing 8-14 seeds. Each pellet contains three varieties: Genovese, serrated and dark red selections.
Sweet Basil	Annual	Used to flavor oils and vinegars. 24-30" plants with leaves up to 4" across.	
BORAGE (<i>Borago officinalis</i>)	Borage	Annual	Used in salads, or sprigs can be used in cool summer drinks. Deep blue, star-shaped flowers. 2-4' tall.
CARAWAY (<i>Carum carvi</i>)	Caraway	Biennial	Used to flavor baked goods. Leaves used to season meats. 1-2' tall.
CAT MINT (<i>Nepeta mussinii</i>)	Cat Mint	Perennial	Grows to 1' with loose, open appearance. Reseeds readily.
CATNIP (<i>Nepeta cataria</i>)	Catnip	Perennial	Aromatic herb up to 3' tall. Favorite of cats. Hardy in Zones 4-9.
CHAMOMILE (<i>Matricaria recutita</i>)	German Chamomile	Annual	Best chamomile for teas. Also known as Hungarian or German chamomile. Perennial in Zones 7-10. Grows 1-2' tall.
CHERVIL (<i>Anthriscus cerefolium</i>)	Chervil	Annual	Resembles parsley. Finely-curved, bright green, pungent leaves are used for garnish and flavoring. Mild parsley flavor. Grows 1-2' tall.
CHIVES (<i>Allium schoenoprasum</i>)	Chives	Perennial	Leaves have mild onion flavor and are used in soups, salads and as a garnish.
GARLIC CHIVES (<i>Allium tuberosum</i>)	Garlic Chives	Perennial	Similar to regular chives, but with a garlic flavor. Hardy in Zones 3-9.
CILANTRO (<i>Coriandrum savitum</i>)	Coriander	Annual	Pungent leaves, used fresh or dried in Mexican and Asian cuisine. Seeds are coriander; leaves are cilantro. Grows 1-2' tall.
	Santo	Annual	Versatile herb with a strong and distinctive scent. Thrives in full sun.
DILL (<i>Anethum graveolens</i>)	Dill	Annual	Seeds, leaves and stems are used to flavor pickles. Grows to 3' tall.
	Fernleaf Dill 	Annual	18". Dark green, finely-cut foliage. Excellent dill flavor. Used as an ornamental. Attractive dwarf habit. Less invasive than Dill.
FENNEL (<i>Foeniculum vulgare</i>)	Florence Fennel	Annual	Also known as sweet anise. Cooked as a vegetable. Seeds are used as a spice. Not to be confused with bronze fennel.
HYSSOP (<i>Hyssopus officinalis</i>)	Hyssop	Perennial	24". Very fragrant blue flowers. Used as a perfume base. Ornamental appeal as herbaceous hedge. Hardy in Zones 3-9.

CLASS	VARIETY	TYPE	COMMENTS-USES
LEMON BALM (<i>Melissa officinalis</i>)	Lemon Balm	Perennial	Pleasant lemon scent. Used to flavor iced tea. 18" tall. Hardy in Zones 3-8.
OREGANO (<i>Origanum vulgare</i>)	Italian Oregano (Common Oregano)	Perennial	A slightly sprawling plant habit with dark green, peppery flavored leaves. 2-3' tall. Used in salads and to flavor meats and sauces. Hardy in Zones 5-9.
	SimplyHerbs Oregano	Perennial	MPLT, each containing 9-14 seeds.
PARSLEY (<i>Petroselinum crispum</i>)	Italian Plain	Biennial	Often called "celery leaf" parsley. Flat, glossy, dark green leaves. Preferred for seasoning/drying. 1-2' tall. Hardy in Zones 5-9.
	Triple Curled	Biennial	Finest strain of triple-curved parsley. Compact, dark green, fine-cut.
ROSEMARY (<i>Rosemarinus officinalis</i>)	Rosemary	Perennial	Semi-evergreen, light blue flowers. Can reach 20" tall. Foliage is slightly pine-scented.
	SimplyHerbs Rosemary	Perennial	Precision MPLT, each containing 10-15 seeds.
SAGE (<i>Salvia officinalis</i>)	Sage	Perennial	Leaves used for seasoning. Lavender-blue flowers through summer. Hardy in Zones 5-9.
SAVORY (<i>Satureja hortensis</i>)	Summer Savory	Annual	Leaves and flowers used to flavor meats. 1-2' tall.
SAVORY (<i>Satureja montana</i>)	Winter Savory	Perennial	Flavor enhancer for vegetables. 1-2' tall.
SPEARMINT (<i>Mentha spicata</i>)	Spearmint	Perennial	Narrow, pointed leaves of bright green with conspicuous veins. 1-2' tall. Used in teas and mint sauces. Very aggressive. Hardy in Zones 5-9.
TARRAGON (<i>Artemisia dracunculus</i>)	Russian Tarragon	Perennial	Not to be confused with French tarragon, which is available from cuttings. Adds good flavor to vegetables. Hardy in Zones 3-8. Grows 2-3' tall.
THYME (<i>Thymus vulgaris</i>)	SimplyHerbs Thyme	Perennial	MPLT, each containing 8-14 seeds.
	Winter Thyme	Perennial	18". Strong fragrance with ornamental value. Not to be confused with French thyme, available as cuttings only. Hardy to Zone 5.
WATERCRESS (<i>Nasturtium officinale</i>)	Watercress	Annual	Tasty salad herb high in vitamin content. Hardy to Zone 8. 1-2' tall.

Variety	Days	Fruit Size	Type	Comments
Marziner F1	75	2-3 oz.	Indeterminate	Roma type is a cross of San Marzano and Cream Sausage. Best in-ground.
Perfect Flame F1	70	3½-4½ oz.	Indeterminate	Saladette type is a cross of Peron and Flamme for heirloom look and flavor with hybrid quality and performance.

TOMATO - ROMA/SALADETTE

Variety	Days	Fruit Size	Type	Comments
Bellatrix	65-70	4½-5 oz.	Determinate	Red Roma/paste tomatoes ripen over a short period of time, yielding large harvests for making sauce or salsa. Good disease resistance package. (F, LB, TMV, ToMV)
Daytona F1	72-75	3½-4½ oz.	Determinate	Moderately compact plants produce strong yields of high-quality fruit. (ASC, F, RKN, V)
Health Kick F1	72	4 oz.	Determinate	This saladette contains 50% more lycopene, an antioxidant. Plum-shaped fruits. Grows 4' tall with staking. (ASC, BS, F, GLS, SMV, ToMV, TSWV)
Little Napoli F1	65	2-2½ oz.	Determinate	Roma type bred for container gardens. Impressive yields for its size. (F, V)
Sunrise Sauce F1	55-60	3-4 oz.	Determinate	Compact, high-yielding plants are perfect for small-space gardens and containers. Orange fruits are flavorful and easy to peel. (F, V)

Tomato Bellatrix

Tomato Better Bush

TOMATO - SLICING

Variety	Days	Fruit Size	Type	Comments
Better Boy F1	75	8 oz.	Indeterminate	Well known for consistent performance. (ASC, BS, F, GLS, N, RKN, V)
NEW Better Boy Plus F1	80	8 oz.	Indeterminate	An improvement of classic Better boy, with more flavor and improved disease resistance. Large bright Red fruits are unbelievably juicy. (ASC, F, FCRR, GLS, V, RKN, TSMV)
 Better Bush F1	68	5½ oz.	Determinate	A space-saving plant, ideal for patio pots or small gardens. Requires little staking. (F, N, RKN, V)
Burpee Big Boy F1	78	8-9 oz.	Indeterminate	Large fruit with smooth skin; good yields. (ASC)
 Carmello F1	75	5-7 oz.	Indeterminate	Classic French hybrid perfect for eating fresh off the vine. Fruit ripens to crimson red. (F, GLS, TMV, ToMV, V)
 Carolina Gold F1	75	8-10 oz.	Determinate	Adaptable to many environments. Semi-flattened shape makes this tomato firm and hardy. (F, V)
AAS Celebrity F1	75	6-8 oz.	Bush	Widely adapted. Flavorful fruit with crack resistance. (ASC, F, GLS, N, RKN, TMV, ToMV)

DELOSPERMA*(Delosperma cooperi)***SANDGEM™**

ZONE 5-9

Semi-trailing habit with large bright flowers make Sandgem an excellent option in both landscape environment or upgraded mix containers.

Garden height: 4-6"

Garden width: 12-16"

Bloom period: Early

Vigor: Medium

Location: Part Shade to Full Sun

Container recommendation:
1 QT, 2.5 QT

Habit: Semi-Trailing

**Ember
Gold***Sandgem™ Ember**Sandgem™ Gold***ECHINACEA***(Echinacea purpurea)***PANAMA RED™**

ZONE 4-10

The first URC Echinacea on the market has vibrant red blooms that continue from late spring to fall. Naturally compact and perfect for quarts or gallons.

Garden height: 12-14"

Garden width: 12-14"

Bloom period: Late

Vigor: Medium

Location: Part Shade to Full Sun

Container recommendation:
QT, 2.5 QT

Habit: Upright

*Panama™ Red***GAILLARDIA***(Gaillardia aristata)***GUSTO™**

ZONE 4-9

Consistent flowering on symmetrical round habit. Bred for uniformity and easy rooting. Plants are first year flowering with no benefit to cooling. New flowers cover maturing stems, creating a continuing fresh appearance.

Garden height: 14"

Garden width: 16-18"

Bloom period: Medium

Vigor: Medium

Location: Part Shade to Full Sun

Container recommendation:
1 QT, 2.5 QT

Habit: Mounded

**Lemon
Paprika
Saffron
Sweet Chili***Gusto™ Lemon**Gusto™ Paprika**Gusto™ Saffron**Gusto™ Sweet Chili***GAURA***(Gaura lindheimeri)***STEFFI™ WHITE**

ZONE 5-10

The Steffi series is well-controlled and compact with an upright habit. First year flowering and blooms in high summer temperatures. This new addition is slightly larger with clear white flowers and clean foliage.

Garden height: 24"

Garden width: 18"

Bloom period: Medium

Vigor: Medium-Vigorous

Location: Part Shade to Full Sun

Container recommendation:
1 QT, 2.5 QT

Habit: Mounded

*Steffi™ White***LAVANDULA***(Lavandula stoechas)***JAVELIN™**

ZONE 7-9

Javelin is compact and early to bloom. Large flags sitting immediately above the foliage and it's compact habit makes it efficient to ship and ideal for quart and gallon production.

Garden height: 14-20"

Garden width: 12-16"

Bloom period: Early-Normal

Location: Part Shade to Full Sun

Container recommendation:
1 QT, 2.5 QT

Habit: Upright

Compact Purple

Javelin™ Compact Purple

LAVEANNA™

ZONE 7-9

One of the earliest Spanish Lavender to flower in the spring with extended flowering into the heat of summer.

Good branching habit without pinching. Improved flowering in both size and flag.

Garden height: 14-20"

Garden width: 12-16"

Bloom period: Early

Vigor: Medium

Location: Part Shade to Full Sun

Container recommendation:
2.5 QT or larger

Habit: Upright

Violet
White Frost

Laveanna™ Violet

Laveanna™ White Frost

LITHODORA

(*Lithodora diffusa*)

TIDEPOOL™ SKY BLUE

ZONE 5-9

Tidepool has a true blue stand-out color and tidy habit creating great producibility. The habit is fuller and refined, and flowers throughout the plant.

Garden height: 6-10"

Garden width: 14-24"

Bloom period: Early-Mid Spring

Location: Part Shade to Full Sun

Container recommendation:
1 QT, 2.5 QT

Habit: Mounded

Tidepool™ Sky Blue

PENSTEMON

(*Penstemon hartwegii*)

FLOCK OF FLAMINGOS

ZONE 5-9

This clump forming Penstemon has large, upright flower stalks covered in large bright coral buds that transition with age to a pale pink. Performs well in containers or in the landscape.

Garden height: 36"

Garden width: 16"

Bloom period: Early

Vigor:

Location: Part Shade to Full Sun

Container recommendation:
2.5 QT or larger

Habit: Upright

Flock of Flamingos

VERONICA

(*Veronica hybrida*)

ASPIRE PINK

ZONE 4-8

Aspire sets itself apart with rich, saturated, deep rose flowers on a compact, long-lasting spike. Bred to hold up better under mildew pressure. Requires vernalization.

Garden height: 6"

Garden width: 12"

Bloom period: Summer-Winter

Location: Part Shade to Full Sun

Container recommendation:
2.5 QT or larger

Habit: Upright

Aspire Pink

VENTURE™ BLUE

ZONE 4-8

Veronica Venture has lovely purple-blue flowers in narrow spikes, excellent branching, a dense compact spreading habit, and excellent vigor. Bred to hold up better under mildew pressure. Requires vernalization.

Garden height: 11"

Garden width: 22"

Bloom period: Late Spring-Summer

Location: Part Shade to Full Sun

Container recommendation:
2.5 QT or larger

Habit: Upright

Venture™ Blue

VESPERS™ BLUE

ZONE 4-9

Vespers Blue veronica features lovely blue flowers that bloom and bloom! Best as an edging plant in sun-drenched garden beds and borders. Bred to hold up better under mildew pressure. Requires vernalization.

Garden height: 9"

Garden width: 11"

Bloom period: Late Spring-Summer

Location: Part Shade to Full Sun

Container recommendation:
2.5 QT or larger

Habit: Upright

AGASTACHE*(Agastache hybrid)***BLUE BAYOU**

ZONE 5-9

This variety matches the performance and hardiness of its predecessors but features a new indigo-blue flower color. 'Blue Bayou' is quite compact, perfect for use in the front or middle of the border. Best in full sun with well drained soil.

Garden height: 16-18"

Bloom period: Mid-summer to early fall

Location: Full sun

*Blue Bayou***DIANTHUS***(Dianthus hybrid)***SINGLE LADIES™**

ZONE 4-9

Plants in this series have domed habits covered in multiple layers of large, single flowers. Lip Gloss has rich magenta pink flowers with well-defined white halos at the center of each flower. Red Rouge has burgundy-red flowers with rosy-pink flecks and edges. Each flower is slightly serrated for additional texture.

Garden height: 8"

Bloom period: Late spring to early summer

Location: Full to mostly sun

Lip Gloss
Red Rouge*Single Ladies™ Lip Gloss**Single Ladies™ Red Rouge***HEUCHERA***(Heuchera hybrid)***RED DRAGON**

ZONE 4-9

An impressive red Heuchera consisting of massive heavily textured leaves. 5-7" wide burgundy-red leaves have a coppery finish with newly expanding leaves showing a silvery overlay.

Garden height: 12-14"

Bloom period: Mid-summer

Location: Full sun to partial shade

*Red Dragon***HEUCHERELLA***(Heuchera hybrid)***COPPER KING**

ZONE 4-9

New leaves are bright orange with copper-red centers and yellow edging. Individual leaves are large 5" across with deep dissection for a maple-like appearance.

Garden height: 10-12"

Bloom period: Early summer

Location: Partial sun to shade

*Copper King***HIBISCUS***(Hibiscus hybrid)***ANGEL EYES**

ZONE 4-9

One of the earliest Hardy Hibiscus to flower! 8" bright white flowers have raspberry-red eyes that radiate out through the petals. Broad green foliage on red stems make up a well-rounded habit.

Garden height: 5'

Bloom period: Mid-summer to early fall

Location: Full to mostly sun

*Angel Eyes***PEROVSKIA***(Perovskia atriplicifolia)***PRIME TIME**

ZONE 4-9

An upgrade to 'Rocketman' with earlier bloom and denser flower spikes. Dusky purple calyxes hold blue flowers. The calyxes remain colorful well into fall, giving the plant the impression it is still in bloom after flowering has ended.

Garden height: 30-36"

Bloom period: Mid-summer to early fall

Location: Full sun

*Prime Time*

AGASTACHE

(*Agastache hybrid*)

MEANT TO BEE™ ZONE 5-9

Soft peach flowers for 'Queen Nectarine' are held on mauve calyxes. Calyxes hold their color after the plant stops blooming, extending interest into fall.

'Royal Raspberry' has rosy purple flowers with burgundy calyxes. New foliage emerges with a burgundy cast in spring. Best performance comes in full sun with well drained soils.

Garden height:

Queen Nectarine: 30-36"

Royal Raspberry: 28-32"

Bloom period: Mid-summer to early fall

Location: Full sun

Queen Nectarine
Royal Raspberry

Meant To Bee™ Queen Nectarine

Meant To Bee™ Royal Raspberry

ASTILBE

(*Astilbe chinensis hybrid*)

DARK SIDE OF THE MOON

ZONE 4-9

Alluring mix of black foliage and rosy purple flowers. Grows full sun to full shade.

Garden height: 20-22"

Bloom period: Mid-summer

Location: Full sun to partial shade

Dark Side of the Moon

ECHINACEA

(*Echinacea hybrid*)

COLOR CODED® ZONE 4-8

Melon-colored flowers and matching melon cones. At 5-5.5" wide these are among the largest flowers in the collection. Petals are held horizontally and overlap for maximum display. The cantaloupe flower color is lighter than 'Orange You Awesome' and not a true yellow like 'Yellow My Darling'.

Garden height: 24-26"

Bloom period: Mid-summer to early fall

Location: Full sun

One in a Melon

Color Coded® One in a Melon

DOUBLE CODED™ ZONE 4-8

4" soft melon flowers are fully double and held on strong stems. A low, well-branched plant perfect for filling space along the front of the border.

Garden height: 18-20"

Bloom period: Mid-summer to early fall

Location: Full sun

Butter Pecan

Double Coded™ Butter Pecan

HEUCHERA

(*Heuchera hybrid*)

DOLCE® ZONE 4-9

Sport of 'Wildberry' with silver foliage and dark charcoal veining. New leaves have a slight blush color. Grows full sun to full shade.

Garden height: 10-14"

Bloom period: Mid-summer

Location: Partial sun to shade

Frosted Berry

Dolce® Frosted Berry

HIBISCUS

(*Hibiscus hybrid*)

SUMMERIFIC® ZONE 4-9

Replaces 'Cranberry Crush' in the Summerific Collection. Compared with 'Cranberry Crush', this variety has brighter red flowers that open fully flat at 7-8" wide. The leaves have a large, ovate shape – causing the plant to have a full appearance – and a dark bronze cast in full sun.

Garden height: 5'

Bloom period: Mid-summer to early fall

Location: Full to mostly sun

Valentine's Crush

Summerific® Valentine's Crush

MONARDA

(*Monarda hybrid*)

UPSCALE™

ZONE 4-8

Taller than most other new introductions on the market, the Upscale collection averages 2-2.5' tall and wide with flowering performance that covers the top half of the plant. 'Red Velvet' has large cherry red flowers.

Garden height: 32"

Bloom period: Mid-summer

Location: Full to mostly sun

Red Velvet

Upscale™ Red Velvet

PANICUM

(*Panicum virgatum*)

PRAIRIE WINDS®

ZONE 4-9

This native ornamental grass that appears like a Miscanthus in the landscape with arching foliage, but adds the powder blue color characteristic of Switch Grass. In fall, sprays of cream seed heads pack the top of the plant.

Garden height: 4'

Bloom period: Mid-summer to early fall

Location: Full sun

Niagara Falls

Prairie Winds® Niagara Falls

PHLOX

(*Phlox paniculata*)

LUMINARY™

ZONE 3-8

Coral pink flowers have an orange tinge; the orange color is especially noticeable when compared with true pink P. paniculata varieties. This variety matches the height of the rest of the collection; perfect for the middle of the border.

Garden height: 30-32"

Bloom period: Mid-summer to early fall

Location: Full to mostly sun

Sunset Coral

Luminary™ Sunset Coral

SEDUM

(*Sedum hybrid*)

ROCK 'N ROUND™

ZONE 3-9

Red stems hold deep green, serrated leaves and clusters of bright yellow, star-shaped flowers. This tough perennial is perfect for hot, dry areas in the garden or as a filler in mixed containers.

Garden height: 10-12"

Bloom period: Early summer

Location: Full sun

Bright Idea

Rock 'N Round™ Bright Idea

VERONICA

(*Veronica hybrid*)

MAGIC SHOW®

ZONE 4-8

Similar to 'White Wands' but with a lavender blue flower, 'Ever After' is among the longest blooming Veronica now available. 'Ever After' has flower spikes that reach nearly a foot in length, with each spike showing color for many weeks.

Garden height: 14-16"

Bloom period: Early to late summer

Location: Full sun

Ever After

Magic Show® Ever After

Proven Winners® perennial images provided by Walters Gardens, perennial provider for Proven Winners®

ACHILLEA*(Achillea millefolium)***SKYSAIL**

ZONE 3

A medium compact, first year flowering series with strong retail colors. Excellent flower fading and strong re-blooming series.

Best-in-class breeding keeps getting better.

Mojo™

A bold combination of dark foliage and brilliant color.

Mojo™ is the ideal choice for medium vigorous, dark leaf interspecific geraniums. Large flowers set against dark foliage delivers a striking combination along with excellent outdoor performance.

Moxie!

Innovation just got efficient.

Moxie!™ is the only compact interspecific geranium series perfectly suited for space-efficient production in small pots and with unique brilliant colors.

TERMS & CONDITIONS OF SALE

DEFINITIONS As used herein, the term “Company” means Griffin Greenhouse Supplies, Inc.; the term “Merchandise” means the goods described on the face hereof; and the term “Purchaser” means the purchaser identified on the face hereof.

PRICING The prices for the Merchandise are subject to change without notice in accordance with the prices in effect on the date of shipment.

MINIMUM ORDER SIZE Minimum order amount is \$5. Plant orders under \$75 will incur a \$15 small-order upcharge along with delivery charges.

SHIPPING CHARGES – SEED Standard shipping for seed listed in our program will be included in the seed price on orders totaling \$100 or more, and shipped within the continental U.S. Shipping charges will be added to the invoice on orders totaling less than \$100. All special shipping requests resulting in extra charges will be added to the invoice. Drop shipments directly from the vendor are subject to shipping charges.

RETURNS AND CANCELLATIONS No Merchandise may be returned without authorization from our office. A) Plant orders are custom grown when booked in advance. Please review acknowledgments and confirmations for accuracy to prevent shortages and overages. Griffins cannot accept reductions or cancellations of plant orders once material is sown or stuck by the producer, Product ownership has transferred to the customer at that time. To review vendor specific cancellation terms go to www.griffins.com/plantcancellationpolicy B) Seed orders: The Company will accept return of seed orders for credit pursuant to the following conditions: (i) Seed packages must be returned in the same condition within 30 days of ship date. (ii) No opened or altered seed packages will be accepted for return. (iii) No special-order seed will be accepted for return. (iv) No direct-ship seed, New Guinea impatiens, Primed or PreNova 2.0 seed will be accepted for return without prior authorization. (v) Seed returns must be shipped in protected packaging via a trackable ship method (USPS-(low value only), UPS, Fed Ex). (vi) Purchaser must notify the Company's Customer Service department prior to return of all seed orders. (vii) Purchaser is subject to a 20% restocking fee for non-compliant seed returns.

SHIPMENT, RISK OF LOSS AND TITLE Shipments of the Merchandise hereunder are F.O.B. the Company's facility; the Purchaser assumes all risk and liability for loss, damage or destruction after delivery of the Merchandise to the carrier.

CLAIMS All plant deliveries must be inspected upon receipt. Any damage or quality issues must be reported with photos within 24 hours. The Company may request that you plant the usable material with notification of total losses at a later date. In the case of visible shipping damage upon receipt from FedEx/UPS, damage must be noted on your freight bill and signed by the carrier's agent (driver). You must contact the Company within 24 hours to report your claim, at which time we will advise if you need to file the claim directly with the carrier, or if we will handle the claim. Damage that is not visible until the boxes are opened must be reported within 24 hours of receipt. A customer's lack of notification allows the Company to reserve the right to deny credit. The Company will request replacements whenever possible, subject to availability. Any visible damage, whether detected upon delivery or after shipments are opened, must be documented with photographs.

PAYMENT We accept cash, check or the following major credit cards: American Express, Visa, Master Card and Discover. The Company also accepts checks via fax, when submitted with the Company's Check by Fax Authorization form. New customers paying via credit card for the first time on orders of \$1,000 or more, but have not applied for credit terms, must complete a Credit Card Authorization Form for each cardholder on the account. Credit card payments do not qualify for payment discounts, e.g., 1% 10 Net 30. The Company will apply a 2% convenience fee to the balance on invoice payments made with a credit card; the 2% convenience fee will be waived for orders paid in full with a credit card at time of booking. Plant and seed orders cannot be shipped COD due to the perishable nature of the product. COD orders for live plants must be paid in full prior to the start of production by the young plant producer. We, therefore, require payment at the time of booking, unless you have approved credit with the Company. The order will not be placed with our supplier until payment is received.

FINANCE CHARGES A 1½% per month service charge is added on all overdue accounts. This is an 18% annual charge.

TAXES Appropriate state tax will be charged based on the location of delivery. All items will be charged sales tax unless we have your tax exempt number on file. In compliance with the law, we must charge the tax on all items which the state designates as taxable, even though you have provided us with your sales tax number.

PICTURE DISCLAIMER The Company strives to provide the most accurate rendition of the varieties contained within. However, we rely on our suppliers to have plants correctly labeled for our photography and on images they provide to us. The Company cannot be held liable for incorrect entries, and all pictures and variety names should be verified with the vendor and breeder catalogs. Recommendations made by the Company are compiled from recognized horticultural sources. We are not responsible for damage or losses that occur through secondary parties.

EXCUSABLE DELAYS Any delivery dates agreed to by the Company are only approximate and are subject to reasonable variation. In any event the Company shall not be liable for delays or for failures in performance or default in delivery arising out of or resulting from causes beyond its control. In no event shall the Company be liable for any damages, incidental, consequential, special or otherwise, arising out of any failure to deliver any merchandise to the Purchaser, any delay in delivery thereof, or any rejection or revocation of acceptance thereof by the Purchaser.

PROHIBITION ON REPRODUCTION OR RESALE OF SEEDS The Merchandise is to be used solely in the production of crops. The Purchaser must under no circumstances make use of the Merchandise for further reproduction or any other form of multiplication. After grading, calibrating, pelleting or treating in any other way the Merchandise, the Company's warranty shall be void and of no further force and effect. The Purchaser must undertake to impose the prohibition laid down in this section on its own buyer on the understanding that they will also do the same for their subsequent customers. The Merchandise is not intended for retail sale; resale is strictly prohibited.

WARRANTIES Crop yield and quality are dependent upon many factors beyond the control of the Company and NO WARRANTY is made for crop yield and quality. The Company warrants only that all seeds, bulbs, plants or merchandise sold have been labeled as required under applicable state and federal seed law and the seeds, bulbs, or plants conform to the label description which recognized tolerances. THE ABOVE WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WRITTEN OR UNDERWRITTEN, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES, WHICH EXTEND BEYOND THE DESCRIPTION ON THE LABEL. No claim shall be asserted against the Company unless the Purchaser reports to the Company within a reasonable period after discovery (not to exceed 30 days any condition that might lead to a complaint.) THE PURCHASER'S EXCLUSIVE REMEDY FOR ANY CLAIM OR LOSS RESULTING FROM BREACH OF WARRANTY, BREACH OF CONTRACT, OR NEGLIGENCE (INCLUDING BUT NOT LIMITED TO INCIDENTAL OR CONSEQUENTIAL DAMAGES) SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE.
