

ELECTRICAL CONTACTS

REPCO

INTRODUCTION

Repco is the industry-leading source for replacement electrical contacts for industrial motor controls. For more than 30 years Repco has built a solid reputation for quality products and customer service. We supply a lower-cost alternative guaranteed to be equivalent in fit, form and function. The company product offering spans 25 control manufacturers representing over 90 series. Over 4000 different catalog items are stocked at our Marlton, NJ warehouse for industrial applications.

This catalog contains over 800 of the most popular contacts and contact sets in the industrial replacement marketplace. Items are either current or may have been obsoleted by the manufacturer. All items pictured in this catalog are normal stock. All stock items ordered before 3:00 PM EST are shipped the same day.

The main body of the catalog is arranged by control manufacturer. Once you've identified the manufacturer and series, from the nameplate or other record, simply locate it in the Table of Contents on the opposite page and turn to the section given. Contact sets are listed in order of size and/or amperage.

All contact photos in this catalog are actual size. If you do not have nameplate data, but know the control manufacturer, turn to that OEM section and search the photos, within each series, for a physical match. When you find one, simply lay your sample over the photo to verify.

If you do not see what you need in this catalog please call toll-free 800-822-9190 for identification assistance. Our cross-reference file contains over 8500 numbers. Our knowledgeable and experienced staff is able to identify and supply any industrial motor starter contact. In rare instances, a sample may be needed for identification.

Contact re-tipping services are available for larger-sized, silver-tipped contacts. Two common reasons for re-tipping are expense and obsolescence. The cost of this procedure is significantly less than a new contact or set for NEMA size 4 and above. For more information, please go to www.repcoinc.com and choose the Services tab at the top of the page.

Please turn to the inside back cover for information about our Repalloy® product.

**NOT ALL OF THE NUMBERS
IN THE NUMERICAL INDEX
ARE CONTAINED IN THE
CATALOG, BUT THEY ARE
AVAILABLE.**

REPALLOY®

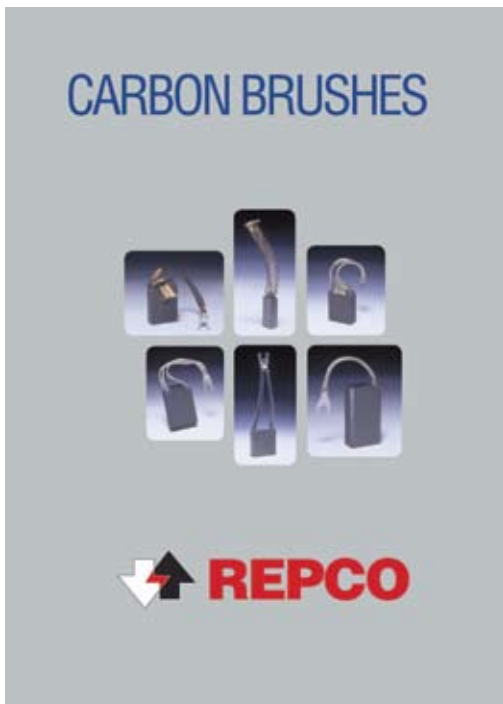

Repcos developed the Repalloy® process in 1996. This innovative technology is designed to extend contact life and improve performance. Whether the contact material is copper, copper alloy, silver or silver alloy, it can be Repalloy® treated. Laboratory and field tests show a life that's more than double the normal expectancy for silver-tipped contacts.

In an independent laboratory test, Repalloy® treated contacts outlasted the original OEM product 2.68 times. The test was performed and certified by Environ Labs of Minneapolis, MN. Two 25-amp DC contactors were subjected to 54 amps. The untreated OEM contacts lasted 257,748 cycles. The Repalloy® treated contacts lasted 691,548 cycles.

Whether the motor and control system is used to move material or air, or to pump liquids, Repalloy® treated contacts are guaranteed to last twice the life of any other contact being used. If not completely satisfied, your money will be refunded. Repalloy® treated contacts help keep costs down and provide true operational savings.

FREE CATALOG

This catalog features 300 replacement carbon brushes for industrial motors and generators. Repco supplies either the OEM or its equivalent brush. Repco brand brushes provide a fully guaranteed, quality and lower-cost alternative to OEM items. Over 1500 different catalog items are stocked at our Marlton, NJ warehouse.

This publication features Repco brushes for 30 motor and generator manufacturers including:

- ABB
- Alstom
- Baldor
- Century
- Eaton-Dynamatic
- Electric Machinery
- Emerson
- GE
- Gettys
- Imperial
- Indiana General
- Leeson
- Leroy-Somer
- Lincoln
- Louis-Allis
- Northwest
- P & H
- Pacific Scientific
- Reliance
- Siemens
- Warner Brake
- Westinghouse

Call 800-822-9190 and ask for your copy of the Carbon Brush catalog.
