# Join Us For Sale Day

Saturday, November 6, 2021 • 12 Noon  
Tanner Farms, Shuqualak, Mississippi

Gary & Lorrie Tanner

Dear Friends,

We want to invite you and your family to join us on **Saturday, November 6, 2021**, at noon for our annual **Tanner Farms Bull Sale**. This is one of the best groups of bulls we've ever raised. We have 150 coming 2-year old Angus and Brangus bulls. They have passed a soundness exam, are Trich tested, guaranteed fertile, and part of our certified herd. All sell with 100% guarantee.

These bulls are exceptional. They are strong, deep, and ready to go to work. You can put them in your pasture with confidence. They are bred and built for our hot humid Southern environment.

We have 150 fancy bred heifers due to begin calving in January 2022. There are True F1's that are Blacks and Tigers, Registered and Commercial Angus, Registered and Commercial Brangus, and Registered and Commercial Ultrablacks. All will be veterinary checked safe in calf prior to the sale.

We are happy to offer personalized service to our customers and will help you select a bull to meet your specific needs. Whether you are looking for a calving ease bull for heifers or a bull for your mature cow herd we should have a bull to fit your criteria. Just come by or give us a call.

Videos of bulls and heifers will be available on our website [www.tannerfarms.net](http://www.tannerfarms.net). **We offer free delivery with the purchase of three or more bulls and a 5% discount on purchase of 10 or more bulls!** Bulls will be penned for viewing by 8:00 a.m. on Sale Day, Saturday, November 6, however we'd be happy to assist you if you're in the area or needed to come by prior to sale day.

Our entire family invites you to join us on sale day for good food, fellowship, and warm Southern hospitality. Food will be available all day and lunch will be served beginning at 10:30. Hope to see you there!

*Gary & Lorrie Tanner*

Walter Riddell

*Purchasing and restoring a farm dating back to 1845, we began to expand our registered Angus program. Much work had to be done to bring this once thriving farm back to life. For almost thirty years, the farm and plantation home had lain fallow and unoccupied. Fields were reclaimed, fences and ponds built and repaired, and grasses and corn were planted where long ago cotton had once been king. The lush green hills today bear witness to God's redemptive hand on this land just as He works in the lives of people. The Lord blessed us in this undertaking: may He be honored and glorified in all we do!*

Psalm 103:1-13

# Tanner Farms Pasture PERFORMANCE-TESTED Bull Sale

Coming 2 Year Old Angus & Brangus Bulls  
 Saturday, November 6, 2021 • 12 Noon • Tanner Farms, Shuqualak, Mississippi

**FOOD AND REFRESHMENTS:**

Food will be available all day. Lunch will be served beginning at 10:30 a.m.

**COMMENTS FROM THE SALE MANAGER**

Welcome to the Tanner Farms Fall Bull and Female Sale!

These performance tested Angus and Brangus Bulls have been rigorously culled for soundness and structure and have been on a high roughage diet. They were roughed through the summer on grass with minimal supplement, so they are ready to go to work for you. Most importantly, they have been raised right here in the South, under the same heat stress and on the same pastures as they will run when you put them to work at your place. We think that is why farmers and ranchers like our friends Mack Mauldin, Steve Elkins and Bill Cook keep coming back.

In this offering you will find elite Angus genetics sired by some of the Angus Breed's premier AI sires as well as our own herd bull battery of Ten Speed, Discovery, Black Granite and Tour of Duty sons, all developed here in Mississippi in real world conditions.

Again, we are offering a set of Brangus bulls and they get better and better. You will find sons of Atlanta, Hollywood, and Stonewall as well as the Brangus Tanner Rapid Rewards and our sons of Three D and New Vision. Our cow herd base is made up from our neighbors at Calyx Star and Cow Creek/Town Creek. They are efficient real-world cattle.

The commonality throughout our cowherd, whether Angus or Brangus is that these cattle have to make a living under the same conditions yours do. **Take a moment to study the calving intervals and average weaning ratios of the dams of these herd bulls offered as noted in footnotes in this catalog. We feel the more you know about the dams of the bulls you are buying the more you may appreciate them. We are proud to say they are the kind that will keep you in the cow business.** They have to wean a heavy calf every year and get rebred. As you study the information in this sale book, you will note these Tanner cows are capable of doing that.

If any of us at American Marketing Service can be of any assistance please feel free to give us a call.

Mark Cowan Richard Hood Trey Kirkpatrick

**ABOUT THE BULLS:**

- Raise on Forage Based, High Fiber Ration
- Large Goup of Calving Ease Bulls
- Bulls Have Passed a Breeding Soundness Exam
- Functional, Adaptable Pasture Ready Bulls
- 100% Satisfaction Guaranteed, Easy Handling

Recommended for use on heifers or cows.

He is sired by Tanner Black Granite, one of our Angus herd sires. He projects top 25% IMF, 30% BW and 35% Milk and REA.

## Lots 400-439 | TANNER BRED HEIFERS

Tanner Farms is selling 148 registered and commercial heifers sired by or bred to Tanner Bulls. In many cases, their dams were also sired by Tanner bulls. We are proud of the quality they exhibit and the power of the bulls behind them as well as the promise their coming calves hold for the future. These bred heifers will start calving as soon as 12/20/21. They are big stout females raised on forage. We think you will find their body condition scores pleasing to go to work for you in the real world.

- **Selling 33 True F1's** tiger-striped, red, chocolate and black F1 bred heifers bred to low birth weight Tanner Angus bulls.
- **Selling 25 Registered and Commercial Brangus** bred heifers, all but one registered, many AI'd to low birth weight Brangus bulls and all cleaned up with low birth weight Angus bulls. *Registered heifers will be so noted and papers are available on the Registered Heifers for \$50 per heifer.* For specific individual AI Breeding or cleanup sires, contact Harvey Koehne or AMS.
- **Selling 20 Registered and Commercial Angus** bred heifers. Many AI'd to the top low birth weight Angus bulls in the breed and cleaned up with low birth weight Angus bulls. *Registered heifers will be so noted and papers are available on the Registered Heifers for \$50 per heifer.* For specific individual AI Breeding or cleanup sires, contact Harvey Koehne or AMS.
- **Selling 37 Baldies and Super Baldie** bred heifers by Angus and Brangus Bulls and out of F1 Brahman X Hereford cow.
- **Selling 18 Ultrablack** bred heifers sired by Tanner Angus bulls. Many eligible for Registration.
- **Selling 15 Black** bred heifers sired by Angus bulls out of F1 Brahman X Hereford Cows.

## American Angus Association • Effective February 21, 2014

\*These Suggested Sales Terms and Conditions have been drafted for optional use by sellers in multiple types of transactions including auctions, internet auctions, private treaty sales and private treaty sale "bid offs." Whether to use them as drafted, as modified, or not at all, is left to the independent business judgment of every seller. They are for sellers' consideration and voluntary use.

### TERMS OF SALE

#### Announcements

1. If there is any inconsistency in the terms of any sales materials, including sale books, supplement sheets or day-of-sale announcements, (i) the day-of-sale announcement will control over both the supplement sheet and the sale book, and (ii) the supplement sheet will control over the sale book.

#### Cash Sale

1. All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale.

#### Buyer's Risk at the Time of Sale

1. The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs sooner.

#### Identification Responsibilities

1. Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (e.g., tattoo, hot-iron brand or freeze brand) corresponding to its registration.
2. The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies or irregularities to the seller immediately.
3. In those cases where a nickname is used by the seller, the nickname must also be accompanied by the official registered name and number of the animal.

#### Certificates of Registration

1. A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

#### Artificial Insemination (AI) Service Certificates

1. AI Service certificates will be the responsibility of the buyer unless otherwise specified by the seller.

#### GUARANTEES

##### Health

1. Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

##### Conformance with Registration

1. The seller guarantees that all sold animals are registered in accordance with the rules of the American Angus Association.
2. The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of the American Angus Association.
3. The seller guarantees to the buyer that with respect to all females exposed to multiple service sires, each such service sire will have parentage markers on file with the American Angus Association. (As adopted February 21, 2014)

##### Pedigree, Performance and Genetic Information

1. The seller guarantees to the buyer that the pedigree, performance data and genetic information, as represented in any sales materials (including any sale book, supplement sheet or day-of-sale announcement), are accurate. The seller shall provide "as of" date for all information from the American Angus Association database.
2. The absence of any such designation on the pedigree of an animal, as set forth in any sales materials, does not establish that the animal in question is not a carrier of any such genetic factor.
3. In those cases where a commonly understood nickname is used by the seller, the seller guarantees the pedigree of the animal based on the commonly understood nickname.

##### Sex

1. Unless otherwise represented by the seller, there are no guarantees that offspring will be of a particular sex.

##### Breeding Guarantees

1. The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; and (d) animals subjected to gross negligence by or willful misconduct on the part of the buyer.
2. The seller guarantees that all bulls are breeders for a period of 90 days following the initial turn out with buyer's herd, but only if such bulls are at least 12 months old at the time of sale and have not been allowed to run with the herd until at least 14 months of age. A bull that settles a cow by natural service and passes a fertility test performed by a competent veterinarian or reproductive technician mutually agreed upon by the buyer and the seller will be considered a breeder. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.
3. Cows with calves at their side are presumed to be breeders with no further fertility guarantee.
4. "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation).
5. "Served" females are not guaranteed to be in calf.
6. "Pasture-bred" females have been exposed but are not guaranteed to be in calf.
7. "Open" females are guaranteed by the seller to be without calf.

##### 8. Donor females:

- a. Unless otherwise agreed by the buyer and the seller, a female that has been used in an embryo transfer program is not guaranteed to be a breeder after the date of the sale.
  - b. Unless otherwise agreed by the buyer and the seller, a female is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.
9. The seller makes the following guarantees with respect to all "pregnant recipients": (i) that the female is pregnant, (ii) that the resulting calf is of the pedigree represented, and (iii) that the resulting calf is of the sex represented (if so represented).

##### Semen

1. Unless otherwise agreed by the buyer and the seller, with respect to the sale of semen the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

##### Embryos

1. Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

##### Privileges of Return or Adjustment: Options

1. With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.
2. Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.
3. If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have

180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the trial shall be deemed full satisfaction and settlement of the claim.

Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4. If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of the sale.

5. If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of sale.

6. If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. The Seller is responsible for all transportation expenses.

7. White skin or hair must not be painted or altered. If such painting or alteration has occurred, the buyer may return the animal to the farm of the seller for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer.

8. If an animal is sold and subsequently becomes ineligible for registration under the rules of the American Angus Association for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

9. If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

10. If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

11. Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

##### Disclosure or Retention of Genetic Materials

1. If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

##### GENETIC CONDITIONS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL.

1. In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of (1) any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by the American Angus Association) as a carrier of any genetic conditions recognized by the American Angus Association, and (2) whether the animal has a potential carrier designation on its pedigree for any genetic condition that is recognized by the American Angus Association.

##### Optional Guarantee: Genetic Conditions

1. The buyer and seller may determine the scope and duration of a guarantee, if any, on an individual basis. The seller may, but is not required, to provide a guarantee to the buyer relating to genetic conditions.
2. Nothing contained herein should be construed to relieve the parties from complying fully with all the rules and policies of the Association relating to genetic conditions generally or individually.

##### MISCELLANEOUS

1. The above terms and conditions of sale constitute a contract between the buyer and the seller of each animal and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.
2. Neither the American Angus Association nor any director, officer, employee or representative of the Association or any of its related entities assumes any liability, legal or otherwise, in connection with any sale or transaction conducted under the terms of the Suggested Sales Terms and Conditions. Nor shall the American Angus Association, its directors, officers, employees or representatives assume any liability or be responsible in any way for enforcing the terms and conditions of any agreement between buyer and seller.
3. Neither the sponsor or sponsors, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.
4. These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale of the animal or animals occurs, without giving effect to such state's choice of law rules.

UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF ANGUS CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.
