

RE: ABSORB

As a supplement, Re:Absorb contains vital enzymes that are normally depleted from over-processed food, and helps ensure your body is able to properly absorb and utilize the nutrients you eat.

FEATURES

- High-quality, vegetarian ingredients
- Made from pure plant enzymes
- Contains no gluten, MSG, salt, sugar, artificial colors, flavors, sweeteners, chemical preservatives, additives or fillers

"I dreaded sitting down to a meal, because I knew how bloated I'd feel immediately afterward – especially if it was carb-heavy. With Re:Absorb, I feel like that's gone away, and that what I'm eating now is genuinely fueling my body."

- Luke F.

WHAT RE:ABSORB PROVIDES

Digestive enzymes occur naturally in foods, yet they're often destroyed by commercial growing, cooking, and processing methods. Re:Absorb contains vital enzymes needed for healthy digestion—not just amylase, protease, and lipase—so that foods are broken down into their most useable form. Additionally, our proprietary Chelate Activated Enzyme Delivery System (CAeDS®) provides all of the cofactors necessary for full enzyme activation.

BENEFITS

- Promotes proper digestion, thereby enhancing health, increasing energy levels and facilitating longevity
- Supports the utilization of protein, carbohydrates, and other nutrients for building muscle
- Ensures nutrients from food or nutritional supplements are better absorbed by the body

GREAT FOR PEOPLE WHO:

- Often eat cooked or processed foods
- Drink more than 2 carbonated beverages per day
- Feel bloated or have discomfort after eating a meal

DIRECTIONS:

Take 1 capsule at each meal.

Other Ingredients: Beet root fiber, vegetable capsule (hypromellose and water), cellulose, beet root powder, medium chain triglyceride powder.

Serving Size: 1 capsule Servings Per Container: 240

	Amount Per Serving	% DV*
Zinc (zinc bisglycinate chelate as TRAACS®)	1 mg	9%
Manganese (manganese bisglycinate chelate as TRAACS®)	0.3 mg	13%
Enzyme Blend	88 mg	†
Protease 6.0 10,000 HUT, Amylase 3000 DU, Glucoamylase 5 AGU, Protease 3.0 20 SAPU, Protease 4.5 10,000 HUT, Peptidase 2000 HUT, Lipase 1250 FIP, Lactase 200 ALU, Diastase 135 DP°, Cellulase 100 CU, Invertase 50 SU.		
CAeDS® for Re:Absorb	57 mg	†

TRAACS® Magnesium lysinate glycinate chelate, TRAACS® Calcium bisglycinate chelate, TRAACS® Zinc bisglycinate chelate, TRAACS® Manganese bisglycinate chelate
