## **Statement on the shelf life of products**

Estimated business partner,

All products delivered by the Würth Elektronik eiSos GmbH & Co. KG have, in general, a warranty of 12 months from the transfer of risk date (irrespective of the date code given on the product label). This warranty includes the age of the products and their processing as per specifications, provided that the storage conditions specified in the corresponding data sheets are strictly observed.

In case special storage conditions and processing instructions on an individual product level are required, please refer to the respective product technical specifications. A precondition for any warranty claims is always the observance of the specified or recommended storage and processing parameters of the respective technical specification. All changes and manufacturing steps applicable to the products of Würth Elektronik eiSos GmbH & Co. KG must comply with the applicable technical specifications or with the national and international standards (such as IPC, IEC, JEDEC, JIS), if not explicitly specified. In case of non-compliance with the applicable technical specifications, no warranty claims can be accepted.

Kind regards,

Your Würth Elektronik eiSos Team.
