Powdered Biological Drain and Sewer Treatment

Liquefies and digests proteins, carbohydrates and fat solids.

- Powerful preventive maintenance.
- Corrects parameters.
- Quickly activates.
- Reduces odours.

Description

Application Areas

- Restaurants
- Cafeterias
- Hospitals
- Apartment buildings
- Schools
- Food processing plants
- Office buildings
- Industrial plants
- Grease traps
- Septic systems
- Sewage treatment

Technical Specifications	
Clarity	Opaque
Colour	Tan
Odour	Yeasty
% Volatility by Volume	4.1 %
pH @ 10%	N/A
Specific Gravity gr/cm3	0.49 (uncompressed)
Solubility in Water	Appreciable

Features and Benefits

Provides seed bacteria for septic and sewer systems.

Restores biological balance in large scale drain systems allowing it to function properly.

Ideal for systems with limited retention time.

Activates fully in four hours, quickly breaking down solid wastes.

Effective in reduction of BOD, COD and FOG parameters.

Quick biological activity immediately digests organic waste components.

Reduces odours and prevents blockages.

Sustains the breakdown of wastes preventing build-up that can cause odours and clogs.

WARNING: Consult the label for full instructions and precautions before using this product.
