

Subsidiary of Schluckwerder GmbH, Carstens Lübecker Marzipan was founded in 1845 in the old Hanseatic city of Lübeck (Northern Germany), famous throughout the world for its marzipan. Like many other later marzipan producers, Carstens Lübecker Marzipan was at first active in the field of making tinned food. In the second half of the 19<sup>th</sup> century the production of Luebeck marzipan specialities was begun. By the turn of the century, the company was concentrating exclusively on this strongly expanding field, and developed into one of the most important firms in the Luebeck marzipan sector. Building on over 150 years of experience, Carstens Lübecker Marzipan ultimately perfected its industrial production of marzipan. For the benefit of the consumer, today over 150 different premium products containing the world-famous Luebeck marzipan are manufactured by means of skilled craftsmanship to the highest technical standard, and distributed around the world. In order to satisfy the consumer's demand for high quality products, Carstens Lübecker Marzipan relies exclusively on the use of the most carefully selected ingredients and well-proven recipes. In fact, "Marzipan from Lübeck" is today a high-quality designation of which the geographical origin is legally protected in the entire area of the European Union since 1996.
