

# ISOMATE<sup>®</sup>-C TT

"Twin-Tube" Design  
for even *faster* application

## Superior Mating Disruption Technology for Codling Moth

**ISOMATE-C TT** is a pheromone dispensing technology for management of codling moth. **ISOMATE-C TT** uses the same proven technology as our other Isomate dispensers. Tests have shown **ISOMATE-C TT** dispensers release pheromone through two to three generations depending on temperature. A single application at CM biofix can provide season-long protection. The Twin-Tube design allows for fast, easy application.

PACIFIC BIOCONTROL CORPORATION

# ISOMATE-C TT slowly releases pheromone for season-long mating disruption of codling moth

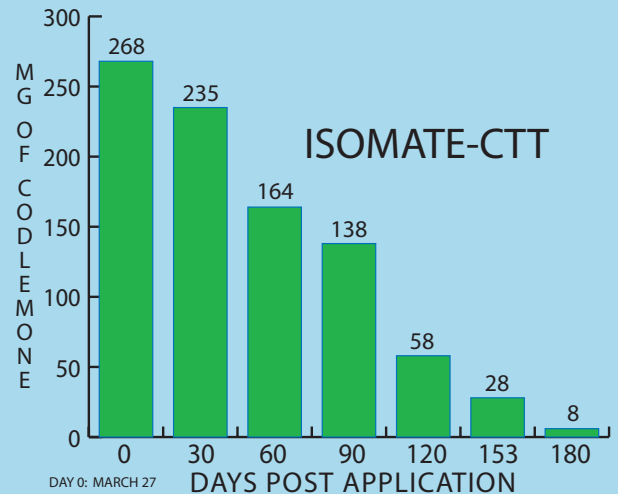

- High pheromone load rate provides season-long mating disruption.
- Superior dispensing technology delivers consistent, uniform release rate.
- Twin-tube design for easy, quick application.
- Cost-effective, season-long control.
- Extensively tested by leading university and public institutions.
- Real-time dispenser analyses available at [www.pacificbiocontrol.com](http://www.pacificbiocontrol.com).
- Highly trained and experienced staff in mating disruption technology and IPM.
- No batteries, no programming, no mechanics required.
- Most widely used mating disruption technology in the world.
- Compatible with other control methods.
- Long-term use can successfully reduce codling moth to very low levels.
- Not toxic to bees or beneficial insects and mites.
- Requires no worker re-entry period or pre-harvest interval.
- Provides greater flexibility to schedule thinning, summer pruning, tree training and irrigation.
- Residue free.
- No groundwater contamination when used as directed.
- Not affected by rainfall, overhead irrigation, or over-tree cooling.
- **WORRY FREE MATING DISRUPTION!**

## ISOMATE-C TT IS FAST AND EASY TO APPLY

Insert C TT dispenser until it stops at notch in the middle of coupling. Spread dispenser the length of the cut in the coupling. Flip dispenser back over coupling to lock in position. For information on how to make applicators and how to apply, visit our website or contact your local distributor.
