

Largest Freshman Class Makes Social Debut Tonight

Registration of Drexel's largest freshman class took place on September 23rd when 767 students entered the Institute. Of this number over 500 are majoring in engineering and basic sciences including 8 women who intend to make their careers in this field. Along with filling out registration cards, receiving lockers, buying books, and innumerable other first term duties, the Freshmen were introduced to campus life at DIT through Frosh breakfast, convocation, hazing, and Freshman Camp.

Freshman Camp, which started on September 20th, was planned to acquaint them with various school organizations and members of the Administration. The boys' camp, held at Downingtown, started Sunday evening with a formal welcome by Dr. Creese, and the Deans Matheson, Bowman, and Myers. Monday, the boys competed in athletic activities, were taught school cheers, and became acquainted with the ROTC program at Drexel.

The girls' camp was held at the Sarah Van Rensselaer Dormitory. The Freshman women followed a program similar to the boys, being introduced to faculty advisers, the Glee Club, the Rouge and Robe Society, and the WSGA.

Before starting classes, a Frosh Breakfast was held on Monday, September 28th, in the Student Building at 8:00 a.m. The ROTC Band was there and played several school songs. Ray Daikeler led the class in cheers, and later introduced the President of Drexel to the new students. At 9 o'clock, convocation was held in the auditorium. An official welcome was given by the Administration, and the class rose to sing the "Drexel Ode."

Coinciding with the beginning of classes, was also the beginning of "hazing." Dinks and "D" books were carried faithfully to avoid the penalty of ringing the bell in the Great Court. The Freshmen noted with amusement the misspelling of "Technology" on their hats and were surprised to find that a local columnist had also noticed the mistake.

The last social event on the freshman agenda is the Freshman Dance to be held tonight in the Great Court. The Dance will be held from 9 p.m. to 12 midnight, and will be sponsored by WSGA. Only freshmen are permitted to attend, and admission will be gained by presentation of class dues card. Refreshments will be served and entertainment at 10 p.m. will be provided during the band's intermission. Bob Fredericks' Orchestra will play. Paula Holmes is chairman of the dance committee and is assisted by Dave Weilly and Ray Daikeler. Tomorrow marks the end of hazing, for at the Ursinus game the Freshmen can throw away their dinks and become full-fledged students of Drexel.

NOTICE

Now is the time for all Seniors to obtain photographs for the yearbook. Fill out an activities card and take it to the photographer whose address is on the back of the card. These cards can be picked up in the Lexerd Mailbox.

Attention all underclassmen: If you are interested or have any skills pertaining to yearbook work, drop a note in the Lexerd Mailbox.

Home Ec College Adds New Course

It was announced recently that a new course would be offered in the College of Home Economics. Six women are taking advantage of the new course, Medical Technology. This is a four-year course and leads to a Bachelor of Science degree. It has been developed in cooperation with and at the request of Lankenau Hospital.

The first three years are spent in college work, and the summer following the Junior year, the women enter a hospital to spend a full academic year, or four terms, in practical laboratory experience. They are given college credit for this work and graduate in June with the other members of their class. Dean Chapman stated of the course, "This seems a logical development in the College of Home Economics because of the combination of general education and science education that is required of our students. The first year of the course the student follows, basically, the curriculum of the Home Economics course and begins specialization in the second year, just as all other majors in the Home Economics department."

Night School Will Start New Courses

Drexel Institute of Technology's Evening College and Diploma School will offer special courses in biology, bacteriology, food technology, bio-chemistry and biological methods of quality control, as well as complete programs leading to the diploma and Bachelor of Science degree, according to an announcement by K. W. Riddle, dean.

The programs are directed at relating classroom and laboratory for men and women employed in the food and drug industry during the day.

Science furnishes the principles, commerce supplies the financial means and utilitarian interest, and technology connects the two by translating ideas into practice.

Theta Chi Holds Annual Foot-Ball

Tomorrow evening Theta Chi fraternity will sponsor their annual "Foot-Ball" in the Great Court of the main building with dancing from 9-12. This dance, the first fraternity social event of the fall at D.I.T., will feature the music of Joe Conway and his orchestra.

Bill Musto, chairman, has seen to it that the Theta Chi dance has been well publicized. Throughout the week pledges, dressed in their white pledge jackets, have been advertising the dance by wearing sandwich signs. Also, during the week in the Great Court, a skit was presented under the direction of Bruce Yelland. Ed Pietrzak, Wally Jakacki, Dave Muir, Joe DelVecchio, and Jack McGowan have all lent a helping hand on the dance committee.

The price of admission is \$1.85 per couple, tax included. Tickets have been and will be on sale at the booth in the Court, from any of the Theta Chi members, or at the door.

FREE CONCERT TICKETS

Two free tickets are available to students of Drexel for the Saturday evening concerts of the Philadelphia Orchestra. They will be given out through the Dean of Women's Office where students may sign up for these tickets now.

Bowman Replaces Disque As Dean of Engineering

Professor Harry L. Bowman has been named Dean of Faculty and Dean of the College of Engineering upon retirement of Dr. Robert C. Disque. The trustees of Drexel Institute have appointed Dr. Disque to be Dean Emeritus and Professor Emeritus of Electrical Engineering.

Since 1919, Dr. Disque has been closely associated with Drexel. Dean of the Faculty, Dean of Engineering, Academic Dean, and President of the Institute are only a few of the important positions he has held here at Drexel. When proposals were first made to coordinate professional studies in engineering with internships in industry, Dr. Disque was one of the foremost advocates of the cooperative plan of education. Under his direction, Drexel's program has grown to the point where among 33 American Universities using cooperative education, the Institute ranks first in curricular offering and second in student enrollment.

The Academic career of Dr. Disque was begun as a teacher of science in his home town of Burlington, Iowa. He later served as Assistant Professor of Electrical Engineering at the University of Wisconsin from which he graduated. Recently at the 50th re-

Students Will Elect Homecoming Queen; Pep Rally On Friday

Highlighting this term's fall social calendar is the week-end of October 17, known more familiarly as Homecoming. It is an excellent opportunity for the students to take a break from their studying and take part in the various festivities beginning on Friday evening and continuing through Saturday night.

The feature event of this year's Homecoming will be the election of a queen by the student body, to be crowned at halftime of the Drexel-Franklin and Marshall football game at Drexel Field. Anyone enrolled at Drexel is eligible to vote next Wednesday in the Court, providing they have their matriculation card. The voting will be limited to that one day this year.

Six girls are nominated for this year's title by the leaders of Drexel's student associations. Those who nominated the group of six are: Bruce Erb, editor of the Triangle; Dick Young, president of Men's Student Council; Mary Lou Bates, president of Women's Student Government; Ray Daikeler, chairman; and Ed Neuman, president of I-F Council, who selected the following girls on the basis of their outstanding qualities.

NANCY NEVIN is blonde and blue-eyed, stands 5'5". She is president of the junior class and is a member of Delta Sigma Epsilon.

JO TAGGERT, captain of the rifle team, is president of W.A.A. She is 5'5" tall with brown hair and brown eyes. She is a member of the Delta Sigma Epsilon sorority.

JOAN HILLIARD, known for her red hair and blue eyes, measures 5'5", is president of Omicron Nu, and a Delta Sigma Epsilon member.

JANET McABEE has dark hair and dark eyes. Janet is a member of Sigma Sigma Sigma.

MAE KOCKLER has long wavy hair, hazel eyes, and stands 5'6". Her activities include W.A.A. art chairman, and the Board of the Drexel Home Economics Association.

ALICE MILLER, a cheerleader with blonde hair and blue eyes, is 5'4" tall. She is also a member of Delta Sigma Epsilon sorority.

Starting off the week-end with a bang on Friday night, students will congregate at the football field for a rousing pep rally and bonfire. Fraternities and sororities will compete again for the award

HOMECOMING on Page 2

Selective Service Classifications Reviewed Oct. 15

Mr. Donald Jenks, newly appointed Assistant to the Dean of Men, has announced a meeting of all male students to take place in the Auditorium on October 15, at 1 P.M. The purpose of the meeting will be to better acquaint the students with the various draft classifications.

What to do when you receive a draft classification will be thoroughly gone over, with all types of classifications being covered. Because of the importance of the subject, all male students, particularly freshmen and sophomores, are urged to attend.

Students Will Elect Homecoming Queen

(Continued from Page 1)

given to the organization with the best cheer.

As usual, the fraternities are going all out this year in adorning their houses with themes of Homecoming. Don't miss them. Judging for the annual award of the Little Brown Jug will begin at 7:30 Friday night. Judges of the event this year will be Rudy Bloom, Mrs. Halverson, and the president of the Alumni Association. The winning fraternity will receive the jug during halftime at Saturday's game.

The football game takes over the spotlight Saturday afternoon, after which everyone will begin preparations for the big night ahead.

Drexel's eight fraternities will hold open house with all of the usual attractions, including dancing, refreshments, entertainment, and in general a good time for everyone, whether fraternity men or not.

The Alumni Association is also

planning to make this a memorable Homecoming, and the chairman of this year's event, George Kaufmann, has announced the following schedule of events. Undergraduates are invited to attend the "Alumni '53 Varieties" which will take place in the Auditorium at 8 p.m. A feature of the show will be a Drexel alumnae, who is at present a Broadway stage person-
ality.

ALUMNI ASSOCIATION SCHEDULE OF EVENTS

SATURDAY, OCTOBER 17, 1953

- 10:00 Open House at all Institute buildings and fraternities.
- 11:30 Cafeteria opens for service.
- 11:30 Luncheon meeting, Alumni Fund Executive Committee and Council — Drexel Faculty Club, Randall Hall.

- 1:00 Alumni tent opens at Drexel Field.
- Half-time program, honoring of Homecoming Queen, presentation of "Brown Jug" for best fraternity display.
- 5:00 President's reception, Men's Lounge, Randall Hall.
- 6:15 Annual Alumni dinner at the Institute.
- 8:00 "Alumni '53 Varieties."

Bowman New Dean

(Continued from Page 1)

union of his class he was cited as a distinguished alumnus.

Professor Bowman is a familiar figure at the Institute for he previously headed the Department of Civil Engineering. During the war period, he played a vital part in the defense of the nation while serving as a member of the U. S. Strategic Bombing Survey and the National Defense Research Committee. The War Department cited him for his war services and awarded him the Medal of Freedom. Since the war, he has been a consultant to the Atomic Energy Commission.

When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.

A fact proved by chemical analyses of the country's six leading cigarette brands.

And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

Chesterfield is best for me — my steady smoke for 7 years.

ICG Holds First Meeting Next Week

Drexel's chapter of the Intercollegiate Conference on Government begins its work for the year, Tuesday evening, October 13, with a meeting in the Student Building. The members will be welcomed by the new officers.

The agenda for the meeting will take in mainly: consideration of the newly drafted I.C.G. Constitution and By-Laws, establishment of the permanent committees of I.C.G., and arrangement of the program for the year.

The official membership drive was held this past week; but the president of I.C.G., Joseph Travaglini, emphasizes that membership is open always to any undergraduate interested in government, current events, or international affairs.

Evening College Gives Refresher Courses For Professional Engineers

The Evening College of Drexel Institute of Technology, Philadelphia, will again offer the refresher courses for professional engineers in preparation for state examination for license, according to an announcement by Kenneth W. Riddle, Dean, Evening College.

The course will be offered in two parts. The first ten weeks, a mathematics and basic science review, and the second part, a twenty week study of engineering problems.

Registration for Part I was held Thursday, October 8, at 8 P.M. in the Drexel Picture Gallery. Classes will begin Friday, October 16, at 7 P.M.

Applications for license eligibility and state examination must be filed in Harrisburg.

The Institute offers these refresher courses annually as a professional service to engineers living in the Philadelphia area.

R. V. Giles, professor of Civil Engineering, will be the course coordinator.

Dean Disque Honored by Scholars, Industrialists at Recent Banquet

Dean Emeritus Disque receives the congratulations of R. G. Rincliffe, president of the Philadelphia Electric Company. President Creese served as toastmaster at the banquet.

A banquet was held Tuesday, September 29, at the Barclay Hotel in honor of Dr. Robert C. Disque, retiring Dean of the College of Engineering.

R. G. Rincliffe, president of the Philadelphia Electric Company, paid a tribute to the 70-year-old educator who pioneered in introducing the cooperative plan of education in the Philadelphia area. Others speaking at the dinner included: Dr. James Creese, who served as toastmaster; Kenneth P. Park, a graduate of the Class of 1953, and Harry L. Bowman, who is the successor to Dr. Disque. Many industrialists and educators from the area were also present.

Two volumes containing close to 400 congratulatory letters from corporations of this area and academic colleagues were presented to the Dean in token of the contributions he has made to industry and education.

A Start is Made

Dean Bowman was a new speaker at convocation this term. He spoke briefly and to the point. But the significant thing about his talk was that he spoke as though he really had a message to give to the students, that he wanted very much to convey that message and all of its meaning to the students, and that he was sincere in all he said. From the students view this is a fine start, Dean Bowman.

In line for plaudits are the people who ran the freshman orientation. Considering the restrictions of time and place the people in charge did a fine job. However,

while thoughts are still fresh in the minds of those who attended suggestions and ideas should be tendered as to how improvements might be made.

One of the most difficult things for new freshmen to overcome is the idea that they are now in college and that their best efforts will be far inferior when placed in competition with the upperclassmen. This is wrong. There are very few organizations where a freshman will not be able to join in and become an important part of that group. Give it a try.

A New Power Supply

Fall term is well under way at this point. If you will only look around, you will find the wheels of the many different school clubs and social groups grinding into action. As always the emphasis is upon getting the new faces around school interested in the school activities.

However, there is a source of interest and ability at school that few, if any organizations have tried to reach. This supply is to be found in the junior and

senior class where there are numerous men who had their noses buried in a lot of books, totally unaware of the flurry of activity around them and who, at this point, have looked up from their books and realized they were missing something. In this group can be found some of the most intelligent men at Drexel. They have only to be reached by the organizations and their ability will be put to good use.

LETTER BOX

A NEW LOOK AT AN OLD PROBLEM

Dear Sir:

Last year at this time I voiced a complaint in this column about the unnecessary waste of time and energy required of all male students in transversing over to the Military Department to have their matriculation and signed so that they can procure the remaining few cents of their deposit. Even though the majority of upper classmen do not take this course, they are compelled to go through with the formality which usually involves five or six trips as no one seems to be around who has the authority to sign the card. Perhaps with repeated complaints something will be done with this situation.

have a rubber stamp made which could be impressed on the back of the matriculation card when uniforms and books are issued by this department and thus when you apply for a refund of your deposit they could immediately furnish it if this stamp was not present.

Very truly yours,
Francis A. Beane

Francis Beane has been awarded a carton of Chesterfields by Gene Ferry, the campus Chesterfield representative.

Each week the student writing the best letter will be given a carton of Chesterfields. All letters must be signed but the name of the writer will not be printed if so requested.

CAMPUS PERSONALITIES

Mary Lou Packs Fun, Work Together Frank Seems to Still Like Ink on His Hands

pix by Nagy

When it comes to getting things organized in the sphere of women at Drexel, Mary Lou Bates is the gal that knows how to get things done. As president of Women's Student Government Assn., Mary Lou has had lots of chances to show her skills in the few weeks that we have been back in school. The great success of this year's Freshman Camp, as all the frosh will tell you, can certainly be counted as a feather in her cap.

Mary Lou has lots of enthusiasm about everything she does. Anyone who has seen her on the athletic field, playing either hockey, basketball or lacrosse, has witnessed her unflinching team spirit. Key and Triangle and Delta Sigma Epsilon also claim a part of her time and support.

This is Mary Lou's last year at Drexel—naturally, or else she wouldn't be written up in this column—so come this time next year she hopes to be teaching typing and shorthand in one of the local high schools, preferably her old Alma Mater, Springfield.

Can anyone say what Frank Drechsler has done for the Triangle during his term as editor or during the whole four years he worked on the staff? It would take fully eight or ten column inches to say what his steady capability has done to further the policies and popularity of this paper. Shall we leave it at a long hard job well done?

After leaving the Navy Aviation Corps in '49, after serving for five years, this Lt. (j.g.) in the Naval Reserve zoomed his plane in on D.I.T. and landed in the school of Civil Engineering. Now, five years later, he's ready to switch from plane propellers to fan blades (well, they both go around!) as a sales engineer for an industrial fan company.

Probably because he can't get the printer's ink off of his fingers or out of his veins, Frank is working as Literary Editor of this year's Lexerd.

It hasn't been all work and no play for this boy. As a member of Alpha Pi Lambda, Frank has had lots of opportunities to make friends and enjoy life. Almost forgot, he's married.

Ha, Ha, You Scoundrels! You're Caught Trying To Do Your Job

by Joe Travaglini

As we basked and fried under the summer sun, the political heat in Philadelphia and out of Harrisburg waxed white hot. City politicians in a mad frenzy lashed out against the "evil" men in City Hall who tried to deprive them of their political diet, the spoils system. And their cousins throughout the Commonwealth, fearful of what might become their lot in times to come, joined with them in the hue and cry of battle. The family sensed only too well what they were up against; the "do-gooders" and the "carpetbaggers" in City Hall were after the very thing that had made them rich and fat and powerful.

So, the city heelers and their country cousins banded together and met the enemy in furious battle at Harrisburg. And with superior numbers and sly maneuvers, they routed the evil ones and drove them back to Philadelphia. They were determined not to be deprived of their life blood. All this happened as we took our attentions from our

"devoted" public servants this summer. After all, politicians never squabble or maneuver when the voters are looking.

Defeated, but still determined, the small group of men who were routed at Harrisburg work and wait for the day when they can try again. They are honest men who want to keep the promises they made to the voters two years ago of clean, efficient government. Miraculously, they have salvaged many and carried them out. But they can never live down the desertion of those pledges by many in their own party. Their only strength, it seems, is with the voters. But the voters were not there on the battlefield when they were needed.

Eventually, we hope that the politicians will see what their more enlightened brothers have seen all along; that good government is good politics. But as matters stand today, a good deal of the faith in that reform movement has been shattered.

FROM THE DRAGON'S MOUTH

Freshman Pull Through, Still Sarcastic, But —

by Ray Daikeler

This column is dedicated to Dale Thomas Poe, John Semanik, and Richard Walter Bjorkland, three gladiators who won't be with us this year. We'll miss 'em.

There was a young man from Calcutta, He spoke with a terrible stutter, He screwed up his face, Just to say grace, And spit his false teeth in the butter.

Well, after spending the whole summer in this cave (the days here at 3 and 2, nights in another local establishment) the place has finally been awakened by the younguns. The freshmen (female and otherwise) are really great. They have the looks, intelligence, and sarcasm usually reserved for the inhabitants of the before mentioned "local establishment."

While stomping through the halls I stuck my big, fat ear around a corner and heard the following between two of the newcomers: "Hi there, glamour puss, my name's Norm Nostril," said a kid with white bucks, crew cut, and blue and gold tie, as his meaty hand flicked off his dink, "haven't I seen your face some place before?"

"Can it, buster, it's always been right where it is now. Why don't you take yourself and fall out?"

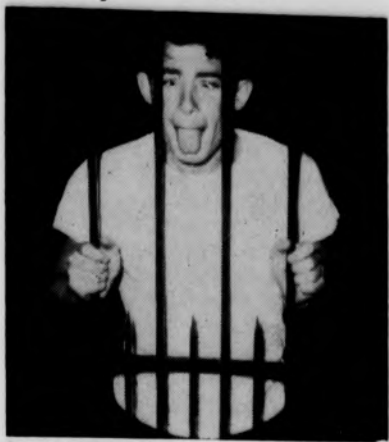

"Now hold it, Cute Snoot, just tell me your name and any other info important to me, the Bus Ad department's answer to the female frustration problem."

"My name's Daggie Boosh, I'm a frosh and I work part time in the Comptroller's office."

"What's that thing around your neck, Daggie?" said Norm, pointing to a small ribbon below Daggie's huge adam's apple.

"A velvet ribbon, why?"

"Since you work in the Comptroller's office, and everything else is so high there, I thought that

Sny upperclassman glances at Frosh.

might be your garter," yakked Norm as he socked Daggie's solid shoulder with her "D" book.

"Okay, chuckles, skip, before I bend your name card."

Afraid to hear what might follow in the conversation between the two, I continued my camel walk down the hallway, whistling dirty songs and running my law book along the row of combination locks on the lockers, flicking the rope on the fire door and slipping a wad of Wrigley's through the swinging door on the small gray receptacle.

So the boys played a great game last Friday night. We lost. The score did not tell the story. Yes, we lost the game, but we gained a team that has the ability to go back to the dressing room after a loss and look forward to working hard for the next game. Look for the boys to beat Ursinus tomorrow.

Football isn't the only Fall sport. Check the soccer team many times this season. It has one of

DRAGON'S MOUTH on Page 9

FOR GIRLS ONLY

Fashion Trend Features One Color Look and Textured Accessories

Fall term is already in full swing, and with the colder weather comes the question of what to wear. The magazines and stores are featuring several new ideas to keep your school wardrobe in vogue.

Leading the fashion parade this season are the new textured accessories. Perfect with skirts and sweaters are the belt and collar sets of fur or leather. These materials can also be found in every type of jewelry, including earrings, bracelets, and safety pins. By the way, an armload of bracelets is smart with sportswear.

Stolen from the boys are the man-tailored shirts cut down to our size, featuring the button-down collars and French cuffs. Adding femininity to their some-

what severe lines are striped and flowered fabrics.

"Vogue" has advocated the "one color look" and this idea can be carried into school wear by matching separates. The smartest colors following this theme are camel, charcoal gray, and all shades of brown.

Tweeds, printed corduroys, and flannels are just as popular this year as ever. A jumper in any of these fabrics would be a pretty and practical addition to any closet. Its ability to be worn with (or without) blouses and sweaters make its versatility invaluable.

It's leather jackets this year, in every color imaginable. A soft pink jacket would be wonderful for warm winter wear.

Bud Templeton directs the band as the boys strike up a tune at the West Chester game. The band is one of the most outstanding displays of group spirit ever shown at Drexel.

Ray Anthony, Ames Brothers Score New Hits

Every quarter of the musical compass appears to be resounding with melodious strains echoing from the abundant supply of artists about the country. Shall we review a few of their contributions?

Ginny Gibson, a relatively new star, has succeeded in making her name quite famous to the public as a result of her great recording of "Dancero." It is surprising how many people are humming Frank Shaksfield's "Ebb Tide." A fine arrangement! "You You You" has brought the Ames Brothers again to the top of the ladder of popular hits. Richard Hayes has come up with a tricky arrangement of a cute number called "Moonlight." The tender ditty entitled "Crying in the Chapel" as recorded by the Orioles seems to be going places in a hurry.

Ray Anthony has been doing quite well judging from the ever increasing amount of sales of his recent release of the old tune "Dancing in the Dark." This is the best arrangement since Artie Shaw's.

On the novelty kick, we have that real nervous recording of "St. George and the Dragon Net" by Stan Friberg. Incidentally, this is backed by an equally hilarious number entitled "Little Blue Riding Hood." A true bargain!

Les Brown and his Band of Renown have lived up to their fine reputation as can be seen by their great arrangement of "Hot Point." Frankie Laine and Jo Stafford have successfully combined their talents in a terrific rendition of the old number "Way Down Yonder in New Orleans." Take particular note of the fine Dixieland backing. Pee Wee Hunt's new PEE WEE HUNT on Page 9

HOW THE STARS GOT STARTED ☆☆☆

Patrice Munsel says: "When I was a kid, I wanted to be a lady football player. Then I dreamed of another career — whistling! Somebody discovered I had a voice, so I took singing lessons. I worked hard at it — then I won the Metropolitan Opera auditions when I was 17."

I STARTED SMOKING CAMELS BECAUSE A FRIEND OF MINE ASKED ME TO TRY THEM. NO OTHER CIGARETTE EVER GAVE ME SUCH PLEASURE. CAMELS TASTE SO GOOD —AND THEY'RE SO MILD!

Start smoking Camels yourself!

Smoke only Camels for 30 days and find out why Camels are America's most popular cigarette. See how mild and flavorful a cigarette can be!

For Mildness and Flavor

CAMELS AGREE WITH MORE PEOPLE THAN ANY OTHER CIGARETTE!

Inquirer Reporter Finds Freshmen Secretariate Offers Varied Enthusiastic In Their Praise of D.I.T. Activities to New Members

Record enrollment this September of all the day colleges of Drexel totaled 3000 students—the largest enrollment in the history of Drexel.

Of the total about 800 are freshmen, transfer students, special and Library students. Also included are 30 new foreign students from such countries as Ireland, Nicaragua, Ukraine, Poland, and England.

Some of Drexel's advantages which the new students commented on are the Co-op plan, the cafeteria, the friendliness of the people, and the high standards of the school. As John Hudgins (a freshman) aptly expressed, "The campus is concrete; the countryside a metropolis—but it is through these things that we realize the goal Drexel has set for us; namely, how to survive and succeed in this metropolitan surrounding called civilization."

Several new students were interviewed and when asked about their first impressions and comments regarding the school and campus activities the answers were like this: Joanne Stevenson: "I love it!" Shirley LaGasse: "Friendliest school I've ever been in."

Janet Aimen: "It's great! There's certainly no man shortage." Carl Traurig: "Very friendly—"

Mary Ann Burns: "I like it!" David Kleinstuber: "If you can take the work you will really gain your goal."

Sherry Van Cronkrite: "I love it!" Evelyn Peacock: "The people are warm and very friendly."

Charles Green (a transfer from a

First Row: Joanne Stevenson, Shirley LaGasse, Janet Aimen. Second Row: Mary Ann Burns, Sherry Van Cronkrite, Evelyn Peacock, Inez Dell'Osa, Betty Hill. Third Row: Carl Traurig, Charles Green, William Gallagher, Bassan Chussein.

male college): "The girls! . . . not quite used to it yet."

Arthur Tuffer: "Best prepares young men and women for the future."

Inez Dell'Osa: "It's terrific!" Wm. Gallagher: ". . . its popular Co-op plan."

Betty Hill: "It's swell! The cafeteria is terrific."

Bassan Ghusein (transfer from Egypt): "It's all very different from what I am used to."

Robert Padderatz: "DIT has a lot to offer."

These comments express the anticipation and interest in college life. The 1953 entering class is a wonderful group as expressed by the upperclassmen.

In the few years that this group has at Drexel, it is the desire of everyone that you, the freshmen, recognize your responsibilities to your school and yourselves as a part of Drexel.

Upperclassmen and freshmen—here is your opportunity to make professional connections, develop leadership ability, learn more about your career, meet new friends, spread the name of Drexel, and have a lot of fun at the same time.

These opportunities are all found in an organization on campus—The Secretariate. Membership is primarily composed of two-year and four-year secretarial students. Other interested Business Administration students are admitted.

The Secretariate meets approximately once a month. At these meetings, speakers from the various business fields are invited to talk to the group about opportunities in the field and hints for "getting ahead" in business. Sometimes a fashion show is presented to show what clothes to wear to the office. Films, relating sometimes to secretaries and sometimes to something interesting outside of business, are shown. Mr. MacMurray, of Drexel's Placement Office, usually addresses the group before the end of the year. This gives members of the Secretariate a "head start" on the other students in knowing what is available for summer and full-time employment. Then, there is the added pleasure of refreshments after the meeting.

Each year there is at least one outing at Drexel Lodge for the girls and their dates. Last year a square dance was held. The girls sometimes take a group of orphans on a picnic or to the theatre.

At the end of each year, a banquet is held. Last year Hal Moore was guest speaker. He gave a humorous speech on secretaries and spoke on the opportunities offered to them in the radio and television industry.

Awards are presented at the closing banquet to the outstanding freshmen in the two-year and four-year secretarial courses. The recipients are chosen for their academic record, service to the Secretariate, and their attendance at the meetings.

A table has been set up in the Court all of this week. This afternoon, why don't you pay your \$1.00 and be eligible to share in the advantages of the Secretariate? Students that were members last year are urged to renew their membership.

A buffet dinner is held at the Drexel Lodge each October for new members. Entertainment and food are provided. At this time new members can become acquainted with the other members in the organization.

Engineers have their engineering societies, Home Economics majors have their home ec organizations, and you, the potential secretaries, have the Secretariate.

I-F Council Completes Plans For Fabulous Ball on November 14

The Inter-Fraternity Council under the leadership of president Ed Neuman is now planning the Annual I-F Ball, November 14, which promises to be one of the most spectacular dances in the Council's history. Those who are working to make this affair a success are the following: Ed Neuman, coronation; Dick Dietterich, gifts for candidates; Fred Lindheim, tickets and programs; John Gerlach, publicity; Ernie Waters, photography; Bob Glazier, general chairman; and Henry Speth, decorations.

Preceding the presentation of the 1953 Inter-Fraternity Sweetheart, there will be a grand march led by the Junior and Senior representatives, and the president of each fraternity and their dates. The reigning Sweetheart who will be carrying the traditional bouquet of red roses will be next in line followed by the candidates carrying yellow roses. The Drexel co-ed last in line, chosen by the men of our fraternities will reign as their Sweetheart for 1953. She will be crowned on stage, receiving the I-F Loving Cup and will exchange her yellow roses for the red bouquet. The first dance after the presentation will be a coronation dance to the honor of the queen and her court.

Remember, tickets will go on sale shortly and are available to everyone. That means you, Frosh!

Members Sought For Chess Club

The Bumper Board of the Drexel Chess Club was reactivated this week after remaining dormant throughout the summer. Members are warned to watch their mail boxes as challenges will be issued through them.

For people who are unfamiliar with a Chess Bumper Board, we give the following description, which pertains particularly to Drexel's Board:

A Bumper Board consists of the names of each member of the club. New members are invited to join and can do so by contacting Francis Beane. As new members come along, their names are placed at the bottom of the list. They are entitled to challenge any person who is within three places above them on the board. If they win the game, the person's name who they challenged is placed directly behind theirs and they advance one place on the board. If the game amounts to a draw, they resume the position of status quo. If a challenger loses his game, he cannot rechallenge that particular person for three weeks.

Each member is required to accept at least one challenge every two weeks. Failure to do so amounts to a technical loss.

The object of the Bumper Board is to reach the highest position.

Betty Fleming Presides At Home Ec Meeting

Last week at the first meeting of the Home Economics Association, the new Freshmen were welcomed into the club. Betty Fleming, the new president, introduced herself and her fellow officers and presided over the business part of the meeting.

The highlight of the night was an interesting and informative description by Miss Dorothy Quinn about her recent trip to Europe.

Every student in the College of Home Economics is invited to join or to renew her membership in the Home Economics Association. Bibi Wigton, secretary-treasurer, is now accepting dues.

Campus Chest Week To Be Sponsored by APO

Plans are being made now for this year's Campus Chest Week, which is sponsored by Alpha Pi Omega, Drexel service fraternity, in November. This single drive is similar to the United Fund in that only one contribution is solicited to be distributed among eight charitable organizations.

Sororities Will Hold Card Party Soon

All students and friends of Drexel are invited to participate in the Pan-hellenic Card Party, to be held October 24th and sponsored by the mothers of our sorority women.

At 8:15 p.m. in the Great Court, the mothers will turn hostesses for an evening in order to help their daughters secure funds to aid in the work of redecorating the Pan-hellenic House.

Door prizes, table prizes, refreshments, and a very pleasant evening are on hand on October 24. Tickets may be obtained now from Mrs. Paul Burns (Hilltop 6-4924); they will go on sale at Drexel at a later date. Parking facilities will be available to all guests.

Contributions may be made in the Court and during a room-to-room solicitation when all classes in session will be canvassed. A goal of \$1.00 per student has been set by the Campus Chest Committee. The campaign will be concluded by a Rouge and Robe play, proceeds from which will all go to Campus Chest.

Charities benefitting from Campus Chest are Community Chest, March of Dimes, Salvation Army, American Cancer Association, American Heart Association, Fellowship House, United Student Service Foundation, and American Friends Service Committee.

Last year's contributions were very disappointing, averaging only 25 cents per student. This has been attributed, in part, to the general unfamiliarity of the students with the advantages of Campus Chest and its benefits.

In 1949, APO was designated by Men's Student Council to handle all charity drives. Previously, single solicitations were made by the sororities and fraternities as various organization appeals were received. The resulting coverage was not substantial because of the frequency of the drives.

The new Campus Chest combined Charity drive was suggested by a similar one at the University of Pennsylvania. The first drive in Spring, 1947, netted \$1200 and the merit of the plan was recognized.

Charity drives will also be conducted during the Winter and Spring terms. However, they will be held in connection with the Ugly Man Ball and the new Senior Finale planned for the spring.

News of the Greeks

ALPHA SIGMA ALPHA

Glad to see all you Alphas selling those chances for the bond and afghan. The mothers have put in a lot of hard work for the card party, so let's give them our full support.

Any more volley ball experts who haven't signed the list yet? Inter-Athlon starts next Tuesday with our game against the Freshmen. Any Alpha interested in playing see Chris Carew.

Fall initiation is slated for the 19th of October. Let's have a big turnout to welcome our new sisters.

Ginny and Lois looked sharp last Friday night, didn't they? Here's hoping for tomorrow afternoon.

Those new hats are really bright. Don't forget to wear them on our meeting days! Good luck on Tuesday night, girls, and remember to see Pat Creed if you want to buy a jacket.

SIGMA SIGMA SIGMA

The Tri's extend a warm welcome to the Freshman class.

It was great to see all the members at our meeting Tuesday night, especially the industry students, whom we haven't seen for a while.

Congratulations to Cynthia Tomasulo on her recent marriage and to Betty Hildebrand and Janet Galvin on their engagements. We are also happy to announce the marriages of three of our alumnae, Jerry Chevereaux, Alice Geiger, and Ginny Thompson.

Let's all get out to the Pep Rally on Friday and the game on Saturday to support our Drexel Dragons.

DELTA SIGMA EPSILON

Hi, Delts! Glad to see everyone back at the old grind again. Congratulations to Barbie Grogan, Joan Zang, Pat Foy and Marlene Compton on their recent engagements. Best wishes also to Tula Falcione

and Syl Saterthwaite, now proud wearers of fraternity pins. See you all at the Ursinus game.

THETA CHI

Well, fall term is here and once again the Social Whirl begins. This is one of our biggest week-ends. Big "Warm-Up" at the house after the Ursinus game. Coffee, coke, and dancing. Phi Mu sorority will be our guests along with the freshman girls. Saturday evening brings the Theta Chi "Foot-Ball" to the Great Court. Get your tickets now!

L.F. football on Sunday—come out to the field and cheer the team on to its second victory.

PHI MU

Greetings! from our colony. First to introduce ourselves: president, Barbara Robinson; secretary, Ann Wagner; treasurer, Nancy Wetty. Other members: Sylvia Shirk, Helen Morgenstern, Gwen Price, Shirlee Weiss, Carol Spanyol, Janice Goldberg, Pat Capone, Marilyn Oswald, Barbara Williams, and Marge Whitaker. Two of our members left Drexel; Joan Sebastia to Syracuse and Pris Brown.

Congratulations go to Ann MacDonald who added "Wagner" to her name this summer. Belated congratulations to Barb Robinson who is pinned to a Lehigh alumni.

Welcome back to Marge Whitaker who was ill last spring term and who, incidentally, has been elected Pan-Hel representative; also Ann Wagner is our Inter-Athlon representative.

See you tomorrow at the Ursinus game.

LAMBDA CHI ALPHA

Four more men lost during the summer. Jack Gassert, who gave his pin to Jean Hain, and Norm FRAT ROW on Page 9

Miller Tribute Scores Success

On Saturday night, October 3, local radio station KYW saluted the late, great, Glenn Miller. The reason for this salute was the release of the "Salute to Glenn Miller Album" by R.C.A. Victor. This album consists of ten twelve-inch sides containing seventy air checks by the Miller Band, many of which have never been heard before. The RCA people only recently received permission from the Miller estate to convert the tapes to wax and lost no time when the okay was given.

The show, lasting four hours, was emceed by local disc jockey Jack Pyle, with the capable assistance of Bill Givens, another member of the KYW staff. Many of the selections (those which were not from the "Salute" album) were from Givens' own private collection. Givens, along with Pyle, also added historical and musical data at well spaced intervals.

The show, from a musical standpoint, had to be a success. The tremendous popularity of the "Miller sound" has lasted long after the bandleader's death. Featuring such sidemen as Tex Beneke and Ray Anthony and vocalists Marian Hutton, Ray Eberle, Kay Starr and the Modernaires, this album is a real collector's gem and certainly will be the best remembrance of a great musician.

T. Viewing

A new television season began auspiciously a few weeks ago with the "Studio One" presentation of 1984. This grim satire by George Orwell was handled excellently and at no time did it even remotely suggest a science-fiction show. The tremendous technical details were handled simply but effectively. Half lit sets were used and the details of the totalitarian state were left to the viewer's imagination.

Eddie Albert, as Winston Smith, a worker at the Ministry of Truth, was excellent in his characterization of the oppressed average man. Smith fell in love with Julia (Norma Crane), an anti-Anti-Sex Leaguer, and they conducted a forbidden love affair blissfully unaware that the mirror in the room MILLER on Page 9

the Court Jester

*Court Jester is my name,
Humor is my game,
Find me, you'll try,
But you'll see, with a sigh,
That a shifty young lady am I.*

Hi gang!

I spent the whole summer sharpening my axe, so don't be surprised if it falls quick and painfully on you or the Drexelite next to you. Remember, be careful what you do and say, the reputation you save may be your own.

ROARS FROM THE ROCKING RED ARROW

The muscular males spent two weeks at the Drexel Lodge in order to learn how to carry a crutch. As soon as B. J. and JOHN SEMANIK were put in the hospital, TED RUBIN was the first to search their belongings for spare change. Cigarette money, Ted? AUGGIE CAMPAGLIA opened a pizza pie stand, but his only customer was ART DEL CAMPO. Buddies from the old country, y'know. We almost lost TOM GREBIS when he fell into a cleat hole. Watch it, midget. CARL (Nasal Cavity) FUGMANN and TED (Thank you) PEETROS spent the off evenings riding their 1941 hearse back to town to see some female buddies. PAUL VON ZECH and Ted make a great couple. It was all a big honeymoon to them.

CHUCKLES FROM THE FRESHMEN CAMPS

About the girls: After doing the duck walk and playing "Going to China" a few of our frosh were locked up in the nearby "institution." Not very crazy. JOANNE DAVIS' interpretation of Noah was a real knee slapper. SUZANNE SCHAEFFER was true villain. She lost everything. Even the bottom half of her costume. CARL SHAEFFER and SKIP McCOMBS held the girls in a trance. Such big, handsome upperclassmen. BETTY MATTHEWS played a great concert on the door knob.

About the boys: At ease! Thank you, Schultz.

SEEN FROM BEHIND WINGED VICTORY

GEORGE MYERS and DEE BLAKESLY, now they are, now they aren't . . . GEORGE BONADIO ripping up pictures of Lafayette . . . RUTH KRAMER (the profile), getting second looks . . . MAUREEN McGARRY getting third looks . . . JOHN RACINE still lookin' . . . RAY (Marty Luther) DAIKELER . . . RALPH WILLIAMS and his sweet smile . . . MARY ELLEN NORMAN and LOUISE PANCOAST saying good-byes to the cave.

BALL AND CHAIN CLUB

WIMPY "Owl" POE pinned to a co-ed from upstate. Guess we Drexel girls don't rate. JIM HART married to JOANNE WEBER. Who would have thought? ALICE GEIGER married to ED GIRVIN. Mr. and Mrs. AL MacCART start a basketball team with their first baby, born with a great hook shot. Congratulations, Al and Pat. Advice from the Jester: Marriage is like a bath. Not so hot when you get used to it.

COMING UP TONIGHT

. . . Frosh Dance in the Student Building.

COMING UP TOMORROW

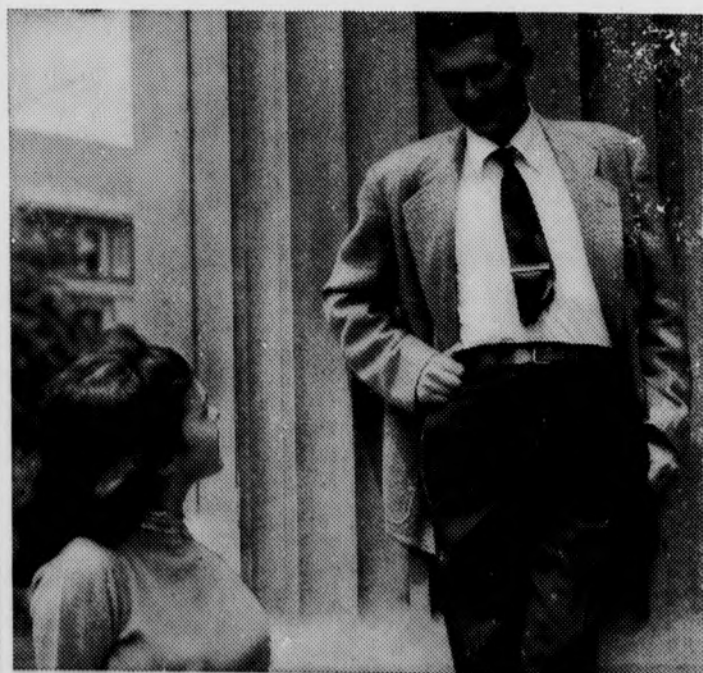

. . . Theta Chi Foot-Ball in the Court.
. . . Football game with Ursinus at 46th and Haverford at 2:30 p.m.
. . . Soccer game with Ursinus at 42nd and Haverford at 1:00 p.m.

COMING UP NOW

. . . my dinner, get the mop. See you next week.

Coeds From Coast-To-Coast "Aye" Arrow Gordon Oxfords

Gals acclaim neatness and style appeal of these campus favorites

The ladies' vote is unanimous: Arrow Gordon Oxfords do much for a guy's appearance. Taking their cue from this coed consensus, Arrow dealers are now featuring the largest selection ever of Arrow Oxfords in many smart collar styles.

THE INDUSTRY REPORT

Pity the Poor, Industry Man — He Has No Homework To Do

by Bill Musto

Greetings, gang, and the top of the Fall Season to you. Here I am out in industry in Apache Land (South Phila.). What a dull life. No homework at nights, no lab reports, no tests to cram for, nothing to do. Oh, sob, sob, sob! I hope I can survive.

Looks like another high-powered freshman class. Plenty of glad-dour. Remember our motto, kiddies: "Flunk early and avoid the rush." Now that those hustling, bustling days of Freshman Camp, enrollment, matriculation, and orientation are over it's time to hit the books. Your college life should include a well-balanced diet of studies, extra-curricular activities, and sleep; the latter being the easiest to accomplish, but the hardest for which to find proper time. A word to fellow engineers: Mathematics is by far the most important basic subject. You will be exposed to six or seven different courses ranging from simple Algebra to differential equations. Take good notes and save them! Don't let this subject slide!

Last week I met a luscious blond freshman woman (5'2", 105 lbs., 36-24-36, EV 6-2400, etc.). In the course of conversation I asked her if she had matriculated yet. "Well," she replied sadly, "I've smoked a little, and had a drink now and then, and necked a bit, but I'm too young to matriculate." "That's okay, honey," I offered, "you'll grow up some day."

CHATTER ON THE ASPHALT: Tuition takes a hike. What, again? Three years ago it was only 370 pesos. Each year since 1950 tuition has been raised. The darn thing is getting higher than an alcoholic on pay day. So far all the new improvements including the cafeteria, new ROTC building, remodeling the auditorium, and the new parking lot have come from the funds in our expansion program. Multiply 525 dollars by 3,000 students and you get one million five hundred seventy-five thousand dollars, or an increase of four hundred and sixty-five thousand dollars more income from tuition than in 1950. Then there is the interest from our several million dollar trust fund. And there you have enough hay to feed all the cattle in Texas!

Along fraternity row we find the usual hustle and bustle as the Greek men start off another school year. The girls on the dorm steps . . . the fraternity and sorority meetings . . . stopping for a coke at Jerry's spangler . . . the good-night kisses in the dorm's crowded lounge . . . the freshmen and their dinks . . . the bull sessions . . . letters to the girl back home . . . mom's cookies crushed in the mail . . . the varsity limp . . . high school was never like this.

Sportscope: Drexel loses to powerful West Chester. Drexel students' special seats were in no man's land, strictly end zone. No excuses are necessary for our loss to West Chester, they have a bigger, more experienced team. Words of advice from an armchair quarterback retired from the game for three years: Don't throw flat passes when you've got your back to the goal line. When in doubt . . . punt. This year's squad is young and will blossom next year. Don't miss the Ursinus game! I-F football began last Sunday. A sudden interruption was caused by the wail of sirens as police rushed to the scene of the crime. Seems some cars were parked on hospital property. No casualties were reported and play was resumed. After the games, the boys picked up the boundary lines and went home!

Fraternity Row

(Continued from Page 8)

Pack followed suit by pinning Shirley Binder. Our sympathies to Mrs. Binder who now has both Christie and Pack. The diamonds of the term went to Ann Duggan from Bill VanSlyke, and Pat Kell from Dick West. Congratulations to all four.

Welcome back Bob Bruderick, but do you really like it better than in Korea? Don't forget the house party tonight!

PI KAPPA PHI

The Pi Kaps wish to extend a big hello to all the Freshmen. Here's hoping they keep their heads above water all of this first term.

Everyone is naturally excited about our forthcoming show, which promises to be an explosion among shows. The title: Atom and Eve.

We were very lucky this year in capturing the services of seven lovely Freshman girls. They are: Evelyn Peacock, Laura DeFelice, Sherry Van Cronkhite, Jo Ann Stevenson, Gerry Fredricks, Nancy Overholtzer, Jayne Sevell, and Mary Brogan, a Sophomore.

Congratulations are also in order to the Court mover of our outfit—Larry Lady, who just got ringed. Also to Tom Strickland for his CARE package contribution.

DELTA KAPPA RHO

Thanks to all members who worked and are working now to get the house in shape for this coming school year. We now have a full house of members and Freshmen.

First social of the season this Saturday night—House Party. Call the house! H. Smithgall looking very thoughtful these days pondering the problems of Homecoming Chairman.

Note: How come Herbie, who claims to have vacationed in Florida, mailed postcards postmarked from Phila.?

Pogo sweated out fatherhood during the summer for 200 little ones—he's an ichthyologist!

SIGMA PI

First of all a big welcome to all the Freshmen, who we hope will enjoy this term and all the following ones at Drexel.

A lot has happened since the last issue: "You'll be sorry's" to Fred Cashner, Joe Tompkins, Lee Adamson, and Bob Cope who have all made the trip to the altar recently. Bill Wigley, Harry Spath, and Walt Picker are next in that order. By the way Chris, Ginny, Barbara, and Lois, Bill Medve doesn't live on the Court steps; he has a class and goes home for dinner, too. Wanted: two black suits for two brothers from Flatbush.

SIGMA ALPHA MU

Well, here it is a buzz term and already the bees are buzzing around the house. With a little more help and time we'll be able to start serving meals in our newly reconditioned house.

Late congrats to Jay Myer and Berny Gerber on their engagements and to Don Older on his marriage.

FRESHMEN—HAVE YOU BEEN DOING YOUR ASSIGNMENTS LATELY—Hmmm?

Good smoker Tuesday night—congrat Rushing Committee.

Make arrangements now for the gala hayride this Friday night. Talk to Barry Rosenblatt.

TAU KAPPA EPSILON

Saturday is the big day. After we beat Ursinus, don't forget the dinner party afterwards. Later there will be a combo for your dancing pleasure.

Serving tea and crumpets to a clan of Freshman girls is more fun than work. Sunday was a lovely day to be outside, but even better to be entertaining such charming young ladies. Girls, to say the least, you are the most.

Wimp Poe, Bob Thomas pinned—at least Bob isn't on crutches. Congratulations also to Harvey Algard who married Ginny Blaves and Dave Lumb who wed our sweetheart, Olive Roselle.

Miller Tribute

(Continued from Page 8)

was actually a two-way telescreen.

Smith was captured and tortured because of his "crimethink" (thoughts harmful to the state) and "sexerimful" (immorality). He admitted finally that two plus two equals five and was forced to declare his love for Big Brother (the bloated head of the government) after being thrown into a room full of hungry rats. After his release Smith met Julia and they each disclosed their betrayal of one another. The show ended, just as the novel did, on this morbid note.

The personnel of Studio One are to be congratulated in view of the remarkable effort which has gone into the production of this television achievement.

Dick Young President M. S. C. Greets Frosh

Dear Freshmen:

Representing the student body, I would like to take this official opportunity to welcome you to Drexel.

With this year's record freshman enrollment, it is necessary to emphasize the part that you will play in helping to keep Drexel's standards as high as ever. Scholastically and socially Drexel has much to offer but it is only your interest and participation that will develop these opportunities. Make the most of your plans and goals while you are in college.

Any problem concerning the school and the student is a problem of the Men's Student Council. We promise that we will consider each matter brought before us. Any inquiries may be placed in the Men's Student Council mail box, located in the student mail box section, or brought at lunch time to the Men's Student Council room located in the Student Building.

Wishing you the best,

Sincerely,

Richard W. Young President Men's Student Council

They're saying nice things about our CORSSAGES 3505 Lancaster Ave. EV 2-3155

Most of the shirts were still recognizable.

Coming Events: Freshmen—watch for Student Building Open House Party! Let's get our ten dollars worth from the new increased fee. Party will be supervised by Student Building Committee, a group of students with your interests at heart. Latest word on the I-F Ball says Claude Thornhill will be our "big name band." His performance at the last Military Ball will long be remembered by those who sat on the sidelines unable to dance to his "mood music." The price of tickets may go up, but the caliber of music is going down. This is your columnist's personal opinion not necessarily shared by more than 1,000 or more people who would rather dance than listen.

Foolish Fiction: If all the Drexel students who fall asleep in classes were laid end to end, they would be more comfortable!

Saturday night: Theta Chi Football in the Court. Don't miss it! P.S.—Only 77 more days until Christmas. Do your "shop-lifting" early and avoid the rush.

Dragon's Mouth

the toughest schedules of any team in the country. Tomorrow they play Ursinus at 4:20 and Haverford at 1:00 p.m. The Yonkermen this year could easily give Drexel one of its best soccer teams.

Good guy of the term: George Hamilton, of the Book Store and the Supply Store. Since he has been here, Mr. Hamilton has taken abuse from many students who complain about his prices and has answered almost everyone with such solid, down to earth reasoning that all coming to him have been quite satisfied. Advice to the freshmen: for any help that you feel you might get through the Book or Supply Stores, see Mr. Hamilton. You'll be glad you did.

Next week-end we find that Homecoming is upon us. We play Franklin and Marshall on Saturday afternoon and trip on Saturday afternoon and Marshall on Saturday afternoon house to the next in the evening. Between now and then, vote wisely for the Homecoming Queen and stay sober.

Good night, Kimosobies.

Pee Wee Hunt

Dragon Eleven Looks For First Victory; Meets Scrappy Ursinus West Chester Explodes After Being Held For Three Quarters

by Gene Hug

The Drexel footballers are hoping to hit the comeback trail this week. After losing to West Chester by a margin which was not indicative of the battle waged by Drexel's men, Eddie Allen's boys expect to bounce back by thumping the Ursinus Bears.

Last week the Bears started their season successfully by lacing Susquehanna, 32-14. They were trailing 14-0 at halftime but proved to be a hot second-half club by scoring all of their 32 points in that half. Bill Glock was outstanding offensively for the Bears. This is the same Glock that passed for three touchdowns and scored two last year against the Dragons.

"Down with Drexel"

As you may remember, Drexel edged the Ursinus bunch last year, 47-39. However, it seems as though Ursinus usually cares more about a victory over Drexel than they do about any of their other opponents. The Ursinus students began cheering "Down with Drexel" directly following the Susquehanna game and their spirit certainly will have some effect on the attitude of the squad. By the time this column is printed, the students from Collegeville will have constructed displays and placards bearing all kinds of derogatory remarks against Drexel. That's the kind of spirit being shown by the Ursinus students this football season. They are moved, and they claim most appropriately the "Fightin' College in the East."

A Must Game

Even considering the wonderful student support given to the Ursinus Bears, and the fact that they seem to be an excellent second half team as compared to Drexel's weak finish last week, this writer picks Drexel to defeat Ursinus. In defense of this selection, I would like to point out a few facts on the good side of Drexel football. First to be mentioned is the support given to the team for the West Chester game. It was a decided improvement over last year; I only hope it continues. Secondly, I do not think that Drexel will falter as badly in this game, mainly because the squad knows, or should know, this is a "must" game. The last and main reason for picking the Dragons to win is the fact that Drexel's football team is burned up, to say the least, and are anxious to prove to everybody, including themselves, that they have a better squad than last week's score indicates.

Let's all pitch in and cheer the Dragons to their first gridiron victory of 1953.

Probably starting line-up for tomorrow's game:

- LE—Glazier
- LT—VonZech
- LG—Hart
- C—Rubin
- RG—Peetros
- RT—Shugart
- RE—Hayes
- QB—Meyers
- LHB—Grebis
- RHB—Campiglia
- FB—Piper

Peggy Sessinger Soothes West Chester's goat.

Linemen Peetros (35) and Rubin (99) clear the way for fullback Piper (20).

Sailors Win First Meet

The future of Drexel's sailing team looks bright as a result of last Saturday's victories in a sextangular meet at New York State Maritime College.

Drexel compiled a perfect score of 24 points in the meet by taking first places in all three races in both A and B divisions. The closest opponent was the host Maritime College team who compiled a total of 17 points.

Bob Lundsteadt and "Rhoady" Green served as skippers in the A and B divisions respectively and were assisted by crews Marge Whitaker and Mary Lee Strolein. Lundsteadt, a senior, is at present national champion of the Duster Class Yacht Racing Association and shows promise of repeating his performance many times this year. Green, a transfer from Annapolis this year, has had considerable experience as a sailor and was a member of Navy's sailing team last year. Another who should make a good showing for Drexel this year is Bob Thomasetti, the club's commodore, who has spent considerable time this summer studying the intricacies of the school's firefly.

The meets that have been planned for the fall are the Greater Philadelphia championships on October 24th and 25th at Cooper River; the Navy Invitationals at Annapolis in November and the Frost Bite series at George Washington University on December 5th.

Drexel - Ursinus, Play 22nd Game

Twenty-one games have been played between Drexel and Ursinus. The first game was played in 1924 which Ursinus won 6 to 0. The teams have played regularly since 1931 except for the war years. Drexel holds the edge, having won twelve, tying two and losing seven.

Bootmen Ready For Bears; Twelve Lettermen Return

by Ed Laguna

Soccer coach Don Yonker has been pleased with the pre-season practice sessions which were climaxed last Saturday afternoon with a scrimmage at Haverford College. Nearly thirty men have already reported for practice; this in itself is an improvement over any other season.

12 Lettermen Return

The return of twelve lettermen should help make the '53 season a success. The foregoing statement might seem optimistic in view of the calibre of the opposition to be faced during the season. This is a sample: Temple University, a team which contained five All-Americans in '52; West Chester, National Champions in '50 and conqueror of Army in '52; Baltimore University, victor in forty-two of their last forty-three contests; University of Pennsylvania, perennial Ivy League Champions.

Champs Four Times in Five

In the past, Drexel teams have captured the Southeastern division championship of the Middle Atlantic Conference four times in the last five years, but have never been able to win the conference crown. This is the main objective of coach Yonker. Delaware, Johns Hopkins, Western Maryland, Bucknell, and Washington College are the team's conference foes.

Tomorrow in their first game, the team faces the Teddy Bears of Ursinus. In the past the Ursinus players have acted like bears in hibernation but, this year, they have improved and cannot be taken lightly. Game time is one o'clock. A little support from the students will help a great deal.

There are still places on both the varsity and J.V. teams and all men interested can still try out.

The tentative line-up:

- Bruce Yelland Goal
- Rutgers VanZanten RFB
- "Red" Schmitt LFB
- Dan Synick RHB
- John Brownie CHB
- Irv Miller LHB
- Bob Rhoades OR
- Ed Laguna IR
- Charlie Bell CF
- Billy Wilkenson IL
- Bob Neumann OL

Misses Lamb and Nichol Join Physical Ed. Dept.; Hockey Season Opens

Miss Katherine Nichol, a modern dance specialist, is one of the newest additions to Drexel's Physical Education department. A Penn State grad, Miss Nichol will head swimming and modern dance here. While in college, she was a member of the physical education honorary, and also took part in many modern dance concerts.

Another new face in the phys. ed. department is Miss Susan Lamb. While attending William and Mary College, she was active in W.A.A. and the Monogram Club. Miss Lamb became an All-American lacrosse player, and a member of the U. S. Reserve hockey team. Assisted by Miss Darrah, Miss Lamb will coach hockey.

Drexel's hockey season opens on Monday, October 12, when the Dragonettes meet Ursinus on our field at 3:30. With three returning letter winners, Mary Lou Bates, Anna Mae Mattis, and Wesa Wilcox, the squad has been working hard, showing lots of pep and enthusiasm. With a fast forward line and a promising, though inexperienced backfield, Drexel, playing two games a week during the season, faces one of their stiffest schedules. Bolstered by the support and attendance of the students, the team can promise Drexel a successful hockey season.

I-F Football Loop Opens; Pi Kaps Continue Streak

The Inter-Fraternity football league opened last Sunday with four games being played on Drexel's new athletic field. Pi Kappa Phi, defending champs, Theta Chi, Tau Kappa Epsilon, and Sigma Pi were the victors in their respective games.

Displaying the same power that resulted in last year's championship, the Pi Kaps defeated the

Sammies 18-0 in a rough and tumble contest. Ed Neuman led the winner's attack, passing for two touchdowns and scoring the other himself.

Theta Chi used nearly thirty men in trouncing Lambda Chi Alpha 18-0. Scoring in the first, second, and fourth periods, the victors were never in trouble. Charley Bell, Bob Harris, and Bruce Yelland all scored on passes from Ralph Cappozzoli.

In a tight defensive battle the Tekes shut out Alpha Pi Lambda 12-0. An interception by Norm Benn and an aerial TD, Frank Leonard to Bruce Uibel, were the two scoring plays.

Controlling the ball for almost the entire game, Sigma Pi stopped Delta Kappa Rho 18-4. Two pass plays and an interception by Frank Leskausaus resulted in the victor's scoring. The losers scored their points on two safeties.

by Don Margolis

West Chester State Teachers College exploded for 27 points in the closing four minutes to turn back Drexel 47-12, before a capacity crowd of 4,000 at Wayne Field last Friday night. It was the opening game of the year for the Dragons who were very much in the game until the roof fell in.

Line Holds Teachers

Although the final score does not show it, the Drexel defense was good. The longest sustained scoring drive the Rams could muster was 30 yards; all other scoring coming as a result of Drexel offensive lapses.

Things started off ominously for Drexel when two penalties and two losses put them in a hole the first time they took the ball. Ted Rubin's rushed kick went out of bounds on the DIT 17 and three plays later West Chester's Fred Prender crashed over from the one. Prender also kicked the extra point and the Rams led 7-0.

Hart Stops W.C. on One

The game settled into a defensive battle until midway through the second quarter when Ted Rubin punted deep into Ram territory. Safety man Walt Buechele picked up the ball on the one and was promptly smacked down by Drexel's Jim Hart. Four plays later the Rams were faced with a "fourth down and inches to go" situation on the 10 yard line. Ninety-nine times out of a hundred it would prove fatal to play in this situation, but the Teachers elected to do so. Again Jim Hart crashed through to stymie the Rams and DIT had a first down on the six. On fourth down Ken Pastor broke away from the grasp of two defenders on the two yard line to score. The try for the extra point was fumbled, and at the half, West Chester led, 7-6.

Rubin's Kick Blocked

The Rams widened their lead to 14-6 early in the third quarter when Rubin's kick was blocked in the end zone and recovered by John Duff of West Chester. Near the end of the period West Chester's Walt Marion stole a Dragon aerial and returned it to the DIT five yard line. Two plays later Buechele scored from the one and the third quarter ended with the score 20-6.

Midway through the last period Drexel drove to a first down on the West Chester 25 on a long pass from Carl Fugmann to Augie Campiglia. Three plays yielded a loss of three yards, but on last down George Meyers hit Fugmann with a screen pass and Carl weaved into the end zone behind beautiful blocking. The play was nullified, however, because of an offside penalty, but the Dragons were not to be denied. This time Meyers found Fugmann on the five and the speedy halfback broke over the double stripes to put Drexel back in the game. Ted Peetros' conversion attempt was blocked and the score remained 20-12.

Roof Falls In

It was here, with six minutes to go, that the Dragons collapsed. The kickoff was returned 50 yards to the DIT 30, and in four plays the Teachers scored to stretch their lead to a comfortable 26-12. Forty seconds later the Rams' John McAneny intercepted a pass and raced 25 yards to pay dirt and a 33-12 West Chester lead. Less than a minute later, Fred Prender bettered McAneny's feat with a 40 yard pass interception to build the margin to 40-12. Drexel fumbled the kickoff and the Teachers recovered with only 20 seconds to go. One play, a 25 yard pass from Ray Spafford to Bob Kautter, was all they needed to complete the rout, 47-12.

This was the highest scoring affair in the 12 game series. West Chester has won eight to Drexel's four.
