Mobility without compromises

The epitome of a mobile projector. Lightweight, yet exceptionally versatile. Within its compact size, comes packed with connectivity options perfect for any setting. The ideal multimedia companion for whatever and wherever life brings you. MP250 elevates the mobile content experience to the next level - anywhere, anytime.

Product overview

FORM WITH FUNCTION

It's sleek, compact and portable, weighing at only 424 g, you can effortlessly move it around home, the office and anywhere in between.

THE SIMPLICITY OF WIRELESS

Perform wireless projection for your iOS and Android devices., you'll be able to seamlessly connect and display content from your device for big screen viewing, without the hassle of wires or dongles.

FOR SPACES OF ALL SHAPES AND SIZES

With its 1.2 throw-ratio lens, you will be able to project a screen size of 80 inches (203cm) from just 7.0 ft (2.1m) away. That means you can enjoy a large screen cinema-like viewing experience even in compact spaces.

PICTURE PERFECT EVERYTIME

Built with smart Auto Focus system, instantly measures distance and angle between the lens and projection surface to adjust focus and support 4 Points 2 Axes key-stone correction, resulting in an ultra-crisp picture with zero distortion from corner to corner wherever you place it.

DYNAMIC SOUND

Embedded speakers deliver balanced sound whilst watching your favorite content. It can also operate as an independent Bluetooth Speaker to play back your favorite music from mobile device.

SUPERSIZED STREAMING ENTERTAINMENT

The intuitive app center is your direct gateway to all of your entertainment needs. With OTT App Content Support, you can access and enjoy movies, TV series, music and even games for endless entertainment - wirelessly.

PLUG AND PLAY

Equipped with the familiar HDMI-in port, simply connect your phone, tablet, or laptop with a compatible cable for swift and effortless projection.

USB and onboard flash storage allow for even quicker access to display your favorite content directly.

ENDURING PERFORMANCE

Utilizing next generation LED (lamp-free) optics, the operational life is rated of up to 25,000 hours. This ensures the projector will deliver a lifetime of multimedia experiences with almost zero maintenance.
