A Message from Superintendent Mike McLaughlin, Ed.D.

The Adult School is back with both online and onsite classes. Students can enroll in our free, online, Adult Secondary Education classes to earn their high school diplomas or prepare to take their GED exams. The GED Preparation classes are offered in Spanish and English.

Most of our Career Technical Education classes are offered online making it easier for adults to study from home. We are expanding our popular English as a Second Language department by offering new classes. These classes are offered in the morning, afternoon, and evening. Our Citizenship Preparation class will continue to be offered on Saturday mornings.

The popular Cardio Workout and Beginning ESL classes are also starting back up at the San Leandro Senior Community Center while our Computer Basics Literacy class will remain online. These classes are designed to assist seniors 55 and over.

If you want to further your education, earn a high school diploma or prepare for the GED, or want to improve your English, please be sure to register for one of our many classes.

Classes fill quickly, so register early.

Have a great year!

A Message from Principal Bradley Frazier & Vice Principal Rachelle Parham

If you have a chance, please take a look at our website for more information.

We hope to see you soon.
